

Ruri's Bitch jump.

Hello jumper, I heard you like Geology, or maybe you just like “hard things.” If you wanted a fun slice-of-life discovery of shiny rocks, the regular jump is the other way...still there? Now let's be honest: we all know why you came into this world. Take these **1000 Choice Points**.

Origins

ALL Origins can be taken as a drop-in; age and gender are up to you.

Small dom

You may be small, but your lust and confidence certainly aren't, whether you're a mini succubus in training or a real beast tamer is up to your whims, maybe both, honestly.

Large Sub

You may be big, and your heart and chest certainly are, but you're a real pet inside; whether it is secretly a puppy or a sleeping beast is up to you. Both might be, honestly.

Time and Location

It's Japan, either a room already loaned for the month right next to, or literally a few paces from their last excavation point, half an hour before things escalate.

Perks

Origins get their 100CP perks for free, and the rest are discounted 50%. All Perks are toggleable.

General [Undiscounted]

Hentai security [Free]

The essential: a tight pussy/big dick, immunity to STDs, never chaffing, and all inconvenience before, during, or after sex are gone, and control over your own fertility.

You're really weak... [Free]

The particularity of this world is that despite being a college student, Nagi is both a complete virgin, ridiculously weak, and hilariously easy to the point that a single moment turns her into a devoted bitch. With this, you may carry this fact into other worlds; there is now a non-zero chance of ending up meeting those types of people; the chance increases dramatically if that person is someone you would be attracted to.

Small dom

Cute and you know it [100 CP]

You know how goddamn adorable you are, and certainly know how to play the innocent angle, sometimes with a dash of sexiness in the eye.

Confidence is key [200 CP]

All the power in the world doesn't mean much when you don't have the confidence to back it up and, more importantly, the type of confidence that makes you look even sexier. Fortunately, you have that in spades.

Just a Brat [400 CP]

It's crazy how simply playing pretend can take you, bring someone to orgasm and back, tell them to lick you and act as if nothing happened, and they rationalize whatever bullshit you're spewing; you have the kind of guile mixed with false innocence that shifts blame away from you as just a 'brat' to themselves. It won't protect you if murder, but it will protect you from assault partly, and completely if you have a positive relationship, you can push this further into a kind of night supernatural gaslighting if you wish.

Bitch Breaking [600 CP]

The art of Bitch breaking is a tale as old as time, one that doesn't really need a 'Bitch breaking cock', simply put, you're a natural dom, one that slowly but surely test the boundary of your target and gently push past them without alarming them, you will twist them to suit your convenience, as the more you play with them the more they will change to suit your tastes, getting slowly addicted to your dominance and making them enjoying all your most perverse degrading until it becomes a badge of Pride and honor.

Big sub

Rocking' body [100 CP]

Days of constant effort, squatting, picking rocks, carrying them, using a pickaxe, and taking care of your body made quite the beauty. You possess a large and curvy body as a woman, the one that rivals Nagi's own. As a guy, you go from bombshell to hunk, with abs you can grate cheese on and a large back and still large pectorals.

A bitch devotion [200 CP]

You really are either a bitch at heart, or your will is something else; simply put, the more devoted you are, the more you can push your body beyond its limit, pushing past pain, fear, and humiliation, and that is useful not just in sex but as a student as well. Be it for a person or idea.

Sexual reversal [400 CP]

You're a special kind of Bitch, one Doms everywhere secretly fear, a true power bottom. Simply put, as long as it is sexual, your body can tank and regenerate all kinds of damage, staying soft and pliable no matter what and capable of turning off pain, leaving only pleasure. Making you capable of shrugging off even a sharp crystal dildo that should be agony, no problem. Worse, the more stamina your partner has, the more stamina you drain, so you will always outlast them and take back the reins; you could even regenerate your virginity and tightness with this.

The real Power [600 CP]

It is a common misconception to those unfamiliar with S&M plays, but the real one in power is always the M; otherwise, it turns dom/sub into just assault, and you don't want that. thankfully you're rather immune to that, simply put you can emanate your desire without voicing them or even looking at them, telling who you want exactly what you want, how you want and exactly how long, and you don't have to worry about timing, beyond just being temptation on leg you can synchronize your mood with your partner so they are always in the mood when you are, and when you want to stop, all lust and will to make you stay vanish, this work exceedingly well on those willing to 'take' you, so the chance of you being assaulted is near zero. finally you always attract the people you find attractive and stave off those you don't, and the more you have sex with them, the more you let them take the rein, the more you shape them in turn, turning off kinks and putting your own even slowly change tastes, personality and desire, to the point the one place they will ever have control is in the bedroom, anywhere else and you are in charge

Items

No discount

Outside gear [100 CP]

Going to dig rocks with your bare hands is madness normally, so is going outside in the sun without a hat. So here, the perfect outfit and backpack for treasure hunters, archaeologists, and stone fans everywhere, is durable and can repair itself.

Your own house [200 CP]

We can't make you live on campus all your life, so this little house has its own geology lab, has infinite electricity and water, and generally cleans itself.

Crystal dildo [400 CP]

This shiny little thing, despite its shape and composition, isn't sharp at all but very pleasurable, and is the ideal cock in both shape and size to the person you're fucking with and is always treated as your cock even if you don't have one, is not actually functional.

Tuition [600 CP]

The major woes of all college students are the price, especially for a doctorate; half of time being forced to work just to pay off that massive debt, no more, hand this letter to the office of your college, and your tuition will be considered paid regardless of time and things bouth, this also protect you from some rules of the university, it won't protect from crimes like murder or drugs, but sneaking in your bitch's dorm to fuck can be looked over, just don't fuck in public and you're good to.

Companions

Companion Import [100 CP]

Import a single companion into any origin for 100cp each; they gain 600 CP.

Companion export [100 CP]

So, you want to bring others? Sure, just pay the price.

Your personal Bitch [free]

Don't lie to yourself; the real reason you came here is. So have it for free. This is Nagi Arato, a rock enthusiast of great beauty and intellect, intellect which hides her devoted masochistic pet tendencies. She is a complete virgin who never had any close friends and masturbated maybe twice her whole life. Still, her body is so weirdly wired that she will willingly turn into the willing sex slave of the first person who inserts their finger inside and be unsatisfied by anything but submitting completely to them. And feel absolute joy by being degraded by the one she imprinted on like a good bitch. Comes with the **sexual reversal** perk without the stamina drain

Drawbacks

Take as many as you want

Not my kink [+0 CP]

Yeah, I get you; piss is certainly not arousing; use this and any icky kink just don't apply to this world anymore.

Extended Stay [+100 CP]

For each purchase of this, your time here is extended by 10 years. Only the first 5 give you points. Careful with aging.

You got scolded [+200 CP]

Like Nagi, you're the sensitive type, easily orgasming three times in five minutes, and the pleasure never decreases; try not to become a bitch.

Every week [+400 CP]

Your libido is now through the roof; try not to find release within the week, and you may genuinely consider assaulting someone because you're so horny; good luck.

Not the same [+400 CP]

Masturbation just doesn't scratch that itch anymore; you want release? Go find a bitch.

Lockdown [+600 CP]

You have no **Out of Context** items, powers, or warehouse.

Graduate [+600 CP]

Congratulate, you now have to pass college, and not just any branch; you will do the same program as Nagi, which, believe it or not, is top of her class, despite being such a self-degrading Bitch.
