World of Moral Reversal JumpChain

These days it seems like, the world has gone nuts. Hardly a day goes by without hearing about some poor boy getting molested, or even raped by perverted women who just can't keep it in their pants.

Maybe girls would learn to think with their heads instead of their pussies if the media wasn't always so eager to stamp huge bulges or rippling pecs on every movie, game, magazine, etc. Of course that kind of environment would twist a girl's sense of reality!

What? You think that already sounds backwards? Maybe to you, but in this world, that's the norm. You're going to be spending the next ten years in Japan, in a word that seems much like modern Earth, but with the sexual attitudes of males and females switched. It's girls that have nothing but sex on the mind, while men are expected to behave more reserved and submissive in sexual matters. For unexplained reasons, people from the "normal" world are being transported into this parallel one. You'll be stuck in this world just like them, but what world are you initially coming from?

"Normal" world

You come from the world following more conventional gender norms. From this world's perspective, you're the one reversed.

"Reversed" World

You're a native of this reversed world. You'll fit in better, but you'll find much less novelty in the whole experience.

Previous World (Drop-In)

Your memories are unchanged from your last world. You have no new memories, but your sense of morals are unchanged.

Origins

Super Ultra Pervert

For lack of a better term, you're a menace. Even compared to most hormonal girls in this world, you're way too horny all the time. You have the confidence to buy dirty mags with your head held high, and you've built up a reputation as a perversion expert (maniac).

(Choose age & gender for free)

Voice of Prudence

A tedious but vital role to fill in any friend group. You're someone who knows how to keep their impulses under control, and has the patience to reign in your less composed associates. You still have a sex drive like anyone else, you're just much better at ignoring it.

(Choose age & gender for free)

Amateur Prostitute

It's just like the media always says, sex sells. You've latched onto the most literal interpretation of this phrase, and have decided to start whoring yourself out for dirt cheap. It's unlikely you'll find as much success whoring yourself out as a female, compared to a male.

(Choose age & gender for free)

Good-for-Nothing

...Who are you again? Oh, right, the useless one. Well, maybe that's a bit harsh, but overall, your talents and accomplishments are few, and you're current lot in life is pretty mediocre, if not outright pathetic. Could be worse, but could still be much better.

Perks

They Gave up a Long Time Ago

Your friends and family never feel the need to ostracize you for your perversion. In fact, by treating perversion as something normal, you can become a source of assurance for those secretly harboring similar urges. Letting fellow perverts know that they aren't alone.

(100CP, Free Super Ultra Pervert)

This is Just Vile

You can always think of new and creative ways to suppress or avoid your more primal urges, or just to keep yourself occupied. Pure self denial can be unhealthy, but you'll only find your mental wellness bolstered by wholesome acts, in avoidance of more vulgar ones.

(100CP, Free Voice of Prudence)

I Decided to Whore Myself Out

Shamelessness is second nature for you. This won't help you against unexpected embarrassment, but if you premeditate to do so, there won't be a spec of hesitation in throwing your reputation under the bus. Many partners will find this boldness sexually stimulating.

(100CP, Free Amateur Prostitute)

I Guess it's not a big Deal

Even if you have obvious shortcomings in a mutually pleasurable activity, partners never feel the need to shame you for them. So long as they weren't hidden for malicious reasons, any partners will still give it their all to make sure you can both enjoy.

(100CP, Free Good-For-Nothing)

It's Perfectly Normal

Through inclusion in pervy acts with you, whether loaning them a magazine, or something more intimate, you can ignite the spark of perversion in even the most stubborn prudes. The change may or may not be a lasting one, but their attempts to suppress it will only make the impending lust-induced outburst more intense.

"Your Original World"?

Fitting in is always hard, doubly so when you come from another world. Luckily, comments or actions born solely from culture shock, no matter how outright suspicious they should be, those around you are inclined to brush them off entirely. Your relationships will not be harmed in the long term, though you'll probably build a bit of a rep.

(200CP, Discount Voice of Prudence)

First Time is Free

Virgin, high schooler, or just a plain perver, people of any world are oddly open to the idea of paying you for sexual services, assuming they know it's on the table. Maybe it's because this also gives you a hot body, that only gets more fit in all the right places through sex.

(200CP, Discount Amateur Prostitute)

Yeah, Praise me More

You really are a natural (fake) athlete! No matter how untalented you really are at sports, your social manipulation skills lets you milk it for all the popularity you can get. You can make it so that blatantly unfair victories look just as impressive as ones that actually matter.

(200CP, Discount Good-For-Nothing)

Is This an Ero Manga?

Is it just me, or are erotic situations just a bit too common in this world? You're constantly pulled from one contrived lewd scenario to the next. Whether it's sleeping with your hot teacher, horny female delinquents, or building your own modern day harem, hentai causality will be in full-swing to make sure they don't stop.

(400CP, Discount Super Ultra Pervert)

Sports are Fun!

There's so much more to youth than sex and power struggles. So long as you participate in a wholesome activity with the sincere goal of enjoying it, you'll find your talent raising to match your opponent, for the activity's duration. Once your talent is equal, the boost will stop, and victory will be determined by the greater drive.

(400CP, Discount Voice of Prudence)

This World is Just Perfect

In spite of your age, you're a natural when it comes to matters of seduction. While this will make you popular in its own right, this world has rubbed off on you in unexpected ways. For any seduction or sexual technique aimed at one gender, you can perfectly translate it to the closest equivalent for another, with equal effectiveness.

What a Steal!

Aren't you a lucky one? As you purchase the same service over and over again, you'll find circumstances aligning more and more often that you receive that service for a discounts, and even for free, more and more. The more regularly your purchases, the more frequent these will become. Should it become a daily occurrence, after 5 years you'll get discounts 60% of the time, and freebies 20% of the time.

The growth of these percentages are subject to diminishing returns.

Working to Bone

This... doesn't make sense, but whatever. Your sex drive has evolved into something truly monstrous. It seems that your sexual stamina is now directly proportional to sexual desire. Dehydration? Refractory period? Instant regret? You won't have to worry about any of that, as long as you still want to bone, you'll be physically able to keep going.

(600CP, Discount Super Ultra Pervert)

Just Like my Story

Is interdimensional travel contagious or something? You'll may choose to find yourself pulled to those summoned from other worlds, as if by fate. In settings that don't involve this by default, you may make it so that mundane humans from a parallel Earth will occasionally be summoned for no real reason.

(600CP, Discount Voice of Prudence)

Would you Like to use me Too?

The life of a whore is a tough one, but you seem to manages. No matter who it is, you will never be put in harm's way simply for making sexual advances on someone. Regardless of what social taboos might divide you, the target of your advances will always seriously consider it, as long as some part of them is interested. This doesn't protect you from unrelated factors putting you in danger.

(600CP, Discount Amateur Prostitute)

Not Protected Enough

You have a natural aura about you that lets you weasle your way out of any commitment you didn't deliberately enter. You somehow always manage to escape punishment for breaking rules, thought it's a different story if people are harmed directly by your actions. Even the likes of physiological addiction can't get a hold of you, unless you really want it to, for whatever reason.

(200CP, Discount Good-For-Nothing)

I Think I Kinda Like This

You've somehow become the proprietor of your very own samurai cafe. For non-natives, this is basically a maid cafe, but with samurai. Other than the difference in theming, and the male staff, the culture is roughly the same. As such, the prices are exorbitant, and you'll certainly be getting your cut.

(400CP, Discount Super Ultra Pervert)

Sensei!?

What's that? You've been given the credit for a popular doujin? Even if you don't contribute much, you'll be credited as the genius behind it, and receive a cut of the profit. This manga will always be based in the "normal" world, meaning mundane modern Earth. This novelty will always make it sell unbelievably well in fantasy worlds like this.

(400CP, Discount Voice of Prudence)

Instant Recharge

Who would have thought that sex could be so exhausting. For times when your body just can't keep up, just fix a bowl of this ramen.

Despite being instant, it tastes just as good as the restaurant stuff.

What makes this valuable is its ability to instantly refill your semen and stamina upon ingestion. As long as you take enough ramen breaks in between, you could probably keep going for a whole night.

(400CP, Discount Amateur Prostitute)

How to use Your Money

You've been pinching your pennies, and finally amassed a massive collection of cosplay outfits, fit for any size, age, or gender. As long as you can find an outfit that most appeals to your intended target, wearing it will always double their willingness to perform intimate acts with you. If they would be inclined to do so, this will also halve how much they would be willing to charge you for this service.

(400CP, Discount Good-For-Nothing)

Game Over

There's no way this isn't illegal, it just has to be. Wherever you are, this establishment always seems to show up right when you're in need of a free love hotel. Whether it's in a ritzy neighborhood, or the middle of the forest, they're always within reach, and nobody ever seems to notice. The staff never asks questions about who you bring in with you, but... try to stay above the age of consent.

(600CP, Discount Super Ultra Pervert)

The Great Outdoors

Who needs sex when you have fishing? You have your own fishing boat, always stocked with enough fishing supplies for everyone onboard. Those who join you for fishing will find their hormonal urges quelled for its duration. Even if they wouldn't normally, those onboard will find themselves genuinely having fun while fishing.

(600CP, Discount Voice of Prudence)

No Financial Troubles

Sometimes a little stability is all you need to live the life you want. You have your own rent-free apartment, and a regular allowance. Nobody outside will be able to hear whatever wacky or lewd hijinks you get down to in here. What's more, as long as you live here, nobody will question you living alone, not even your own parents, if you have any. Self-cleans and repairs daily.

(600CP, Discount Amateur Prostitute)

Peeping Bath

At least try to be subtle with your perversion here. You have unlimited free access to a co-ed hot spring inn. Despite the types you'd expect to show up in one of these, those that soak here tend to be abnormally hot, and almost completely oblivious to any perving done at them, unless that's what they wanted in the first place.

(600CP, Discount Good-For-Nothing)

Companions

Summoned From Another World

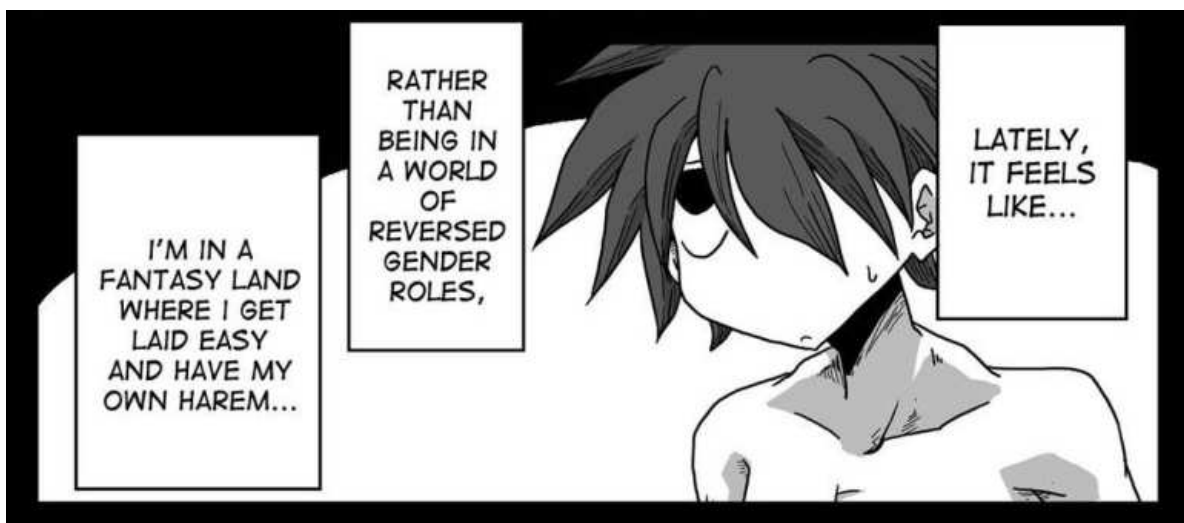

It seems you didn't come alone to this strange world. For each purchase of this, two of your companions from your prior journeys may be imported into this world. They may have a different starting world from you, but they'll end up in the same world as you one way or another. Each imported companion gets 600CP to spend.

(100CP/Per)

Natives of a Strange new World

Rather than pulling someone from another world, you can befriend someone native, or at least someone currently residing in this one. You'll meet them on good terms time and time again, and if you can get their consent, you can take them with you into future worlds. You'll be surprised how many will be onboard if you promise them they'll be able to live out their lewdest fantasies.

(100CP/Per)

Drawbacks

Jumper of Reversed Gender Roles

Um... okay? It seems that I was mistaken, and you're actually going to spend your decade in the "normal" world. Unless you come from the "reversed" world yourself, this won't really be much different from standard Earth, other than the occasional resident of this world being swapped with their reversed counterpart.

(+0CP)

Chastity Reverse World

Maybe the works of Amahara Teikoku just isn't for you. Taking this will allow you to instead spend your ten years in a similar setting. The only requirement is that the setting deals with the same, or very similar concepts of male and female gender roles being switched.

(+0CP)

Not Even Guys are This Pervy

Reversed gender roles can't explain how you grew up to be so perverted. You buy dirty mags in public like it was nothing, you waste hours of your day masterbating, and there's not a second of the day you don't spend talking or thinking about sex in some form.

(+100CP)

I Wanna Die...

Oh... this is... huh. Not to be insensitive, but there's no nice way to put this, you're a quickshooter, or quicksquirter, in the case of girls. One thrust is all it takes for you to pop. This has no effect on how others will react, but you've developed something of a complex over this, all on your own, which takes its toll on your confidence.

(+100CP)

It's Scary When You're Addicted to a Whore

You've crossed paths with a dangerous individual. They're willing to have sex with you, but you've become so addicted to them that you have no way to resist. They don't hold back in bullying and extorting from you, but if you try to fight back, they threaten to stop having sex with you. Your only hope is to wean yourself off their body, and fast.

(+200CP)

There's no way I can go Back

The good news is, you'll eventually get a chance to see the non-reversed world, again, if that was your original home. The bad news is, the you from that world has already ruined your social life by the time you get there. As if they've gone out of their way to cross every line and burn every bridge that you care about. You have no choice but to take the role of the menace responsible for all of this.

(+200CP)

Nothing but Downsides

This doesn't seem very hentai-like at all. Unlike how sex fantasies tend to play out, sexually transmitted diseases are everywhere, and you're more vulnerable than most. Roughly $\frac{1}{5}$ people don't have an STD of some kind, and unless you want your genitals burning 24/7, you should get used to wearing strap-ons.

(+300CP)

This One's Guilty!

This is just mean. It's not like you wanted to look like deformed cow that was spliced with a toad, and got its head stuck in a trash compactor. Well... point is, you're very, very ugly. No matter the context, anyone who sees your face immediately assumes that you're the most despicable and revolting kind of man imaginable.

Notes

Jump by Gene

The currently ongoing manga is actually pretty great, and I'd recommend it, even if the core sexual fantasy doesn't really do anything for you.

On that note, despite being roughly the same setting, the doujin and the manga seem to take place in different continuities. You can choose which you show up in, or how you'd like the two to mix, if you'd prefer that.

Choosing "normal" or "reversed" as your world of origin at the start will change your own morals to match that world at the start of this jump, but this change won't last beyond this jump, unless you really want it to for whatever reason.

The only other hentai I know of with this premise is a one-shot called *Teisou Gyakuten Goudou*, but it's such an obvious concept, that I'm certain there are other examples somewhere out there. Besides, for the purposes of the drawback **Chastity Reverse World**, there's no requirement that it be a hentai setting.
