Koubi Show

Horse Girl Breeding Show

V 1.0 by Apocbox

In this world there are no horses; instead, since ancient times, humanity has shared the earth with Umas, a race of horse people with a sex ratio skewed toward females at about a 1 to 1000 rate. In modern times, Umamusume racing is the most popular sport in the world. However, it is illegal to bet on it, so other avenues of cash had to be found. The main one is Horse Girl Breeding Shows. That's where the rarity of male Umas comes in, as it is quite fascinating to humans to watch them breed the horse girls, with big underground shows collecting huge amounts of money. The horse girls may not always like the idea at first, but what are they going to do, pay for the entire industry by themselves? Not that it matters, as the Umas are contractually obligated to birth at least 1 child before they're allowed to run in any professional races and after the first try, many become addicted to sex and breeding, so it's a win for everybody!

Take 1000 points to spend here.

ORIGINS

Choose your age for free. Your sex is dependant on the origin.

Drop In

A human, huh? Well, who do you think runs this whole show? It's definitely not Umas; they're too busy running and fucking to do anything productive.

Breeder

A rare type of Uma an Umashonen or maybe an Umaojisan, a horse boy or man! Whether you want to participate in races or be a breeder full-time is up to you. Becomes an Altfrom after the jump.

Breeding Sow

You're an Umamusume, a horse girl! You love running and potentially fucking. Whether you are in for the racing or the breeding, you can choose for yourself; just remember that you're officially obligated to give birth to at least one child before you can participate in any official races. Becomes an Altfrom after the jump.

Perks

Perks are Discounted to their respective origins, perks worth 100 are free and the rest is 50% off

General

Living In A Hentai World Free

The basics, so to speak. You're at least a solid 7/10 in general and can choose one specific type in which you are a full 10/10, like being a Tomboy

or an Ojousama for women and an Ikemen or a Femboy for men. You're immune to STDs and can control your own fertility anywhere from 0 to a 100 with the other party believing you're using protection as long as it is lowered to zero. Finally, you are quite fit, being in the top 10% of your species when it comes to physicality, and you find that it is quite easy to stay there.

Drop In

Human Skill 100

You may or may not be as endowed as a Uma stallion, but you don't particularly care. You have the sheer skill at sex to bring most of your partners to mind-boggling orgasm in minutes. You can play their bodies like a piano, learning their weak spots within seconds of touch, and can keep someone right on the verge of cumming for as long as you want.

Bread and Circuses 200

The whole thing about the breeding shows paying for the racing industry is probably just a lie humans tell to the horse girls since all the money seems to flow back to them. You have a talent for the entertainment industry and its monetization, being able to spot opportunities for both highly enjoyable and profitable activities.

Greatest Trainer Ever 400

Running may seem like a simple thing, but there's actually a lot of complexity to it, and so the Uma trainers exist for a reason. You're a great teacher, being able to quickly ascertain all the strong and weak points of your students and create a perfect training regime for pretty much any sort of skill they may want to develop. The gains of all your charges training under you multiply by five. Your students also like you a lot more than they otherwise would, and it is extremely easy to build both platonic and romantic relationships with them.

Horse Mafia 600

How does the whole horse girl breeding show stay underground without the whole world knowing? Because of the Yakuza. You see, whenever someone who isn't supposed to know about it stumbles onto the truth, guys like you go and have a nice talk with them. Maybe you even will bring your pitbulls for them to get some gentle kisses from and play hide-and-seek with. You can keep pretty much any event and organization hidden from the general populace no matter how absurd or widespread it is.

Breeder

Rod And Orbs 100

Can't really breed all those beautiful mares without the necessary equipment now, can you? You have a giant telescopic horse cock that is about 50 cm long and as thick as a can of Coke as well as a set of testicles as big as perfect regulation-size softballs. And it can get even bigger if you find a partner that excites you particularly. Interestingly, you can stretch your partners with it far more than should be physically possible, and all the pain and damage that such a stretching should have caused is instead transformed into pleasure. You can produce and store an insane amount of thick and heavy semen, well into the gallons range, as well as shoot massive loads, while also having no refractory period and absurd cum production speeds, being able to refill your balls from empty to full in a matter of an hour. Your fertility is through the roof; you're even able to impregnate women who have entered menopause or were always infertile. Turn you into a futa if taken as a woman.

Stallion Pheromones 200

You emit a very pleasant smell at all times and generally do not stink. Those of your species who smell it and you're not attracted to will see you in a more positive and authoritative way, while those who you are attracted to will become aroused and excited, as well as more submissive to you. Can turn on and off at will.

A Child To Surpass Gold Ship 400

The whole point of all those breeding programs, besides providing entertainment to some wealthy humans, is creating a next, better generation. You have control over who your children will become, as at the moment of conception you can choose their sex, physical appearance, and what characteristics, talents, powers, perks, and abilities they will inherit from their parents as well as to which degree like giving them one of your perks at 50% strength.

Stallion Who Mounts The World 600

You're an absurd example of your species, being exceptional in all fields, and it would be fair to compare others to newborns next to you. You could easily beat ten members of your kind at the peak of their capability, and it's not even going to be close. Members of your species view you as a sort of natural leader and are subservient to you. Even members of other races and species are somewhat affected, being in awe at your perfection, and if you have the Stallion Pheromones perk, it can now affect them as well.

Breeding Sow

Guts and Stamina 100

You possess both incredible stamina as well as sheer stretchiness and flexibility to take on even the biggest of stallions out there. Being stretched out feels good and pounding, and even entering of your womb is even more so. You also recover far faster than normal, as some of those studs can be pretty rough.

Team Mommy 200

Some of the Umas don't care for sex and breeding much despite how good it feels and just get right back to racing after pregnancy, leaving the child in the hands of the government. Not you though. You're a great mother, knowing just what any child wants and needs as well as how to take care of them. All your children, be they by blood or adopted, love and adore you wholeheartedly as long as you don't treat them badly. You can also produce delicious and extremely healthy breast milk at will, with it acting almost like

a low-level healing potion with how good it is for health. Finally, you exude an almost tangible MILF aura that makes a lot of people want to call you "mommy".

Perfect Sow 400

It's like your womb has been blessed by all the fertility and motherhood gods out there. When you're impregnated, you can decide how many children that one pregnancy will make, up to 15 at the same time. You never have trouble giving birth, as the whole process happens in minutes, if not seconds. Lastly, all of your children are guaranteed to be better than both of their parents combined. If you are a man, futa, or otherwise can impregnate, you can apply this perk to those you impregnate.

Golden Goddess 600

Or maybe you are divinity yourself with how sex with you makes people think they're in heaven. The fillings of your insides are out of this world, and your skill in bed is up to match. It is a guarantee that pretty much all who have slept with you will refuse to fuck anyone else because it just couldn't compare. They thought they could mindbreak you? Ha, the fools. Laugh at them and then dropkick them in the face as no matter how much pleasure you receive it could never break you!

Items

Items are Discounted to their respective origins, items worth 100 are free and the rest is 50% off. Anything can be imported in to a fitting item (Weapon into a weapon, tool into a tool etc.). If lost or stolen you get them back in an hour. All items can be brought multiple times, with free items costing 50 after first purchase. You can combine compatible items like Tracen Academy and Child Care.

An archive of all the Umamusume porn from both the mundane world and here. You could probably make quite a buck by selling it in future jumps.

Educational Materials 200

You have a stack of high school and university-level books on pretty much any subject. At any time you can decide on some sort of idea or agenda, and this book will adapt to subtly influence those who read it to align with those ideas. You change the idea or agenda with just a thought. The books can be copied through the mundane methods and will retain only the idea or agenda that was in them at the moment of copying.

Letter of Invitation 400

A letter allowing you to join any institution as either a worker or a student no matter the prerequisites. Become a student in an all-girls academy as a man or a teacher without any credentials.

Tracen Academy 600

Well, look who sits in the director's chair now. Don't worry; Akikawa is still there. Right under your desk and between your legs, that is. She is happy to do all the boring paperwork and give you head whenever you ask. You have an insane level of control over this school, from setting up class schedules and changing curriculum to forcing students to attend classes nude or include mandatory anal training as one of the classes, and no one says a word. In future jumps, this is a prestigious girls-only sport school with a focus on running. Akikawa is a follower unless you import her as a companion.

Breeder

Monster Condom 100

That you use for your magnum dong. You have an infinite supply of super durable and stretchy condoms as well as a place where you can sell cum for some nice quick cash. Not sure where it goes, but who cares? You've got dough.

Nice Quite Farm 200

A nice farm or ranch where you raise crops and some animals. Gives nice income but more importantly houses a group of beautiful Umas working for you. A mother who is a grade A MILF, an oldest daughter who is a nice and dependable Kuudere, and twins with a girl being a spunky and energetic Mesugaki and a Femumaboy being an extremely shy cinnamon roll. Or you can decide on their body types and personality yourself, be my guest.

Demand For Breeding 400

A letter that, after you write a name on it, will automatically deliver itself to the target. It's a permission and a demand to fuck and breed a single individual. No matter the target, they will obey and arrive at your location for hot, steamy sex. They will leave once they get pregnant, although you can choose who will keep the kid. You get one letter each year. Guaranteed to not cause bad feelings unless you treat them like shit.

Horse Harness 600

Breeding Sow

Breeding Mount 600

Ruined Orgasm +200

Only one in ten of your orgasms will bring you satisfaction; the others will just make you itch for more.

Libido Up +200/300/400

Cuck Chair +300

Horse Pussy +300

There are no Umas here just horses and humans obsessed with watching them fuck. If you have either the Breeding Sow or Breeder origin, you're now a horse and will not get an Uma form until after the jump.
