Out of Context: Superman Substitute Supplement

V1 By DeverosSphere

This document can be used as a supplement in any Jump that would not otherwise have a Substitute Superman within its continuity. This means no Superman, no Ultraman, no Homelander, no Omniman, no Hyperion, no Sentry, no Brightburn, no Scion and no other perfect flying brick with a perfect smile.

By taking this Supplement you have chosen to be this continuity's Superman Substitute and you will enter into that continuity as a Drop-In awakening within an alien spacecraft that has fallen from the sky.
As a Superman Substitute are visibly similar to a Human, unless you choose to have some inhuman but attractive features such as golden skin.

+1000 CP

If this Supplement is instead taken as an Isolated Jump you may select a setting of your choice even if it doesn't have a Jump Document and use this document as a ten year long Jump.

Origin:

As the character widely considered the first superhero, Superman is a natural point for any Jumper to want to emulate.
But what interpretation do you want to be an Homage, a Deconstruction, or as a Criticism?

Homage

You have been inspired by the big blue boy scout and intend to follow his lead into Truth, Justice and the American Way.

Deconstruction

Superman doesn't use his powers to fix the world's problems or even just to benefit himself but why shouldn't you try? With your power you could Kill all the criminals, start a media empire, build an army or occupy Wall Street, who's going to stop you?

Criticism

Why would an alien with godly powers bother helping humanity when it can conquer or kill them? You could be an unstoppable nightmare of the king of crime. Hell, you could walk into the White House, kill the president and name yourself emperor of the world.
