Nell's No Nut November (Fellatrix)

V 1.1 By Apocbox

Once upon a time in a fantasy land of Eros, all forms of life flourished in peace and harmony. That is… Until a demon queen came into power. Her lewd and lustful reign threw Eros into an age of chaos. Out of despair, a divine prophecy was foretold. A child was to be born blessed with The Sacred Seed. Upon coming of age, the ordained will deliver The Sacred Seed to the Demon Queens' unholy womb, restoring the balance to the world.

Your adventure begins the day Nell sets off on her month-long journey.

Take this 1000 points to spend. You will stay here for 10 years.

ORIGINS

Choose your age and sex for free. Every origin besides the Monster one can choose which humanoid race they want to be from humans to elves and orcs to animal people and so on. Monsters, on the other hand, have a far more diverse amount of forms, and you can choose anything from roughly human-like with a few unsettling features to full-on inhuman things like cocksucking worms or tentacle monsters. Whatever the case, this becomes an alt form after the jump.

Drop In

You appear in this world out of nowhere with no prior history. You are in some sort of village where what appears to be a send-off party is happening.

Guard

You are a warrior and a protector of someone important, having dedicated your life to keeping them safe.

Hero

Oh, were there perhaps supposed to be two heroes? Maybe you are Nell's sibling or just a random person with heroic intentions wanting to go on a journey to vanquish the Demon Queen.

Monster

One of the sexual predators lurking in these lands. Whether you are one of the queen's children or a random creature is up to you.

Perks

Perks are Discounted to their respective origins, perks worth 100 are free and the rest is 50% off. Free Perks are optional.

General

Fellatrix Basics Free

You and everyone around you in this and future worlds are quite beautiful, with a variety of tantalizing body shapes commonly available. You're always clean inside and out, and so are your partners during sex. You are immune to STDs and have full control over your fertility with people believing you're using protection if you set it to zero. You're quite endowed, unless you don't want to be, with yours and other people's holes being able to stretch far farther with it being both harmless and extremely pleasurable.

Magical Lands Free

You have access to local magic with moderate potential but don't know any spells currently, only knowing how to slightly boost your physical characteristics by pushing mana into your body.

Drop In

Sudden Expy 100

Oh, that undead elf archer over there looks familiar, huh? Oh, and isn't that masochistic crusader from that loser party? Oh and that's a blond elf princess getting fucked by a muscular tribal chief! You know them from somewhere, right? In this and future worlds, you seem to run into people with similar personalities and powers as characters from media you saw or people you met in other worlds.

Fellatrix Special 200

You have a giant cock that is about a foot long and as thick as a soda can. Your balls are the size of oranges and hang low, perfect for getting sucked and to slap someone's ass as you fuck them. Your cumshots are strong and large, being able to fill a normal person's stomach in one shot, as well as being able to choose the consistency of your nut. At will you can choose whether you generate smegma or not, with it appearing extremely fast if you do.

It Was Foretold 400

With focus you can create a sort of prophecy that will push luck and fate to make it happen. It cannot make unreal things happen, but as long as it is possible to happen in a world you're currently in, it will work. Might take a long ass time if it's something extremely unlikely, as there would need to be long chains of dominos to be set up. You could only do a couple of such prophecies per jump at first, but with time that number could be improved.

Evil God 600

At will, you can assume a form made out of darkness in which you gain an ability to modify the bodies of people to look like you want. Once a jump, you are able to seal yourself inside of a person, giving them access to any of your powers you want them to have. Whenever someone would cum inside of them, you could choose to absorb that semen, gaining the powers and skills of the donor and being able to be born as the child of your host and them, reaching full maturity within a day.

Guard

Steady Breathing 100

You've learned a secret martial arts technique that allows you to calm your nerves and focus your mind as well as stave off orgasm for far longer.

Vicegrip Cunt 200

Not only are you quite a bit taller than before, but you're extremely muscular without losing any beauty you might have possessed. Your muscles now being almost like steel-cord-like in their strength, allowing you to easily beat most monsters around these parts or even rip heavy chains off the stone walls and use them as effective weapons if you ever get captured.

Sword Saint 400

But what's more impressive than your sheer physicality is your skill in combat. You are a master of over a dozen weapons and are absolutely unmatched with a single one of your choice. You could take even two of the Demon Queens' daughters by yourself as an averagely strong human. You also learned how to infuse your magic into your weapons and armor, making them far more durable and allowing them to deal more damage.

Stronger Than Ever 600
They might have beaten you, but they were fools to leave you alive. Because whenever you suffer defeat and are given time to recover, even in the role of a prisoner, you would gain a boost to your strength, being able to go from losing to one opponent to beating three of similar strength to them quite easily.

Hero
Innocent Optimism 100
You brim with positivity, allowing you to push through the darkest days with confidence in a brighter future and have a sort of pure aura around you that makes you quite sexually appealing to evil beings.

The Challenge 200
The longer you hold off from engaging in sexual activities and cumming, the more your cock and balls start to increase in size. Your cum also starts to become more fertile and thickens up. After about a month of holding off cumming, your genitals would be at least four times bigger if not more and nut will be of an almost solid consistency. Most of this boost goes away after an orgasm, but about 1% of it stays with you permanently unless you do not want it to. If you want to, this can instead apply to your tits and breast milk, respectively.

Fucking Therapy 400
You are capable of literally changing someone's outlook on life to a more positive one and making them more sane through sheer pleasure you bring them during sex. With enough orgasms, even the most batshit insane evil maniacs can become upstanding members of society.

Sacred Seed 600
There's a glowing white mark on your balls signifying you as a carrier of The Scared Seed. Your genitals have a sort of imposing yet extremely arousing aura to them, but more important is your cum. It is simply divine, with you possessing a technique where you can shoot a single drop of precum, which doesn't normally leak anymore, that will cause an orgasm after orgasm even in someone as strong as one of the Demon Queens' children. Whenever you are close to cumming, your cock will start to grow in size, becoming several times bigger with your cumshot, releasing incredible amounts of nut that can not only impregnate anybody but will wash away and destroy any evil or dark influence over them, like a demon or dark god possession, without hurting them in the slightest. You cannot lose it in any way, nor do you need to have your genitals constantly exposed. If you want to, this can affect your vagina with the seed part applying to your pussy juice and the impregnation part to yourself.

Monster
Unique Look 100

Not only are monsters around here rather unique, but they're extremely sexually appealing. Nevertheless, that does not stop them from being dangerous, and so you can use parts of your body that would normally be used for pleasure as a weapon, like hardening tentacles into steel-like spikes or making your pussy have a literal crushing grip.

Pink Magic 200
You are a magician of great renown, having moderate knowledge in over a dozen different fields with great specialization in one of them. Be it creating flying, controllable body parts to fuck multiple people or charging your body fluid with a variety of effects, your field of magic is incredibly sex compatible.

Run Away For Another Day 400
Heroes may always win, but villains always come back. The only truly important part of you is now your head, as even if you get decapitated, you could just regrow a new body from it, with the speed of it being about 1 year of regular growth per day, becoming whole again in 18 days.

Unholy Womb 600
Was it a demon possession? A dark god's blessing? Or were you just born a sex bomb? Whatever the case, your aptitude for sex is insane, with just a blown kiss being able to subjugate kings and suppress armies, making their clothes explode and them cum on the spot. You have great control over your womb, making it able to suck and lap at those that fuck you, with penetration of it not only being possible but extremely pleasurable. Your orgasms send waves of pleasure that make all around you have one as well. Finally, your children can inherit any and all powers from both you and the other party, with you being able to choose which ones they get as well as how they look, their sex, race, and so on. If you want to, this can instead apply to your cock and the impregnation part to your partner.

Items

Items are Discounted to their respective origins, items worth 100 are free and the rest is 50% off. Anything can be imported in to a fitting item (Weapon into a weapon, tool into a tool etc.). Drop In
Ball Bra 100
This piece of underwear isn't meant for breasts but instead for your testicles, holding them pleasantly and soothing any pain or aches they might be experiencing.

Venus Onahole 200
This sex toy feels like a real pussy and is designed by futas for futas to be a perfect ending to No Nut November. Guaranteed to unclog even the most congealed sperm wads from your shaft and drain your balls fully.

Futa Grade Chastity 400
A metallic cage of adjustable size that is always big enough to properly hold any cock. Completely plugs the penis, preventing the leakage of precum and occurrence of orgasms while also making it so the user doesn't need to piss. Is unbreakable, inescapable and can only be taken of with the permission of the person who put it on.

Arch Fucker 600
This sex beast of your design is one of the strongest monsters around, being able to bring unimaginable pleasure to most beings without any sort of issue. It can shapeshift its body to a ridiculous degree to fit any preferences and can both fuck and be fucked. It is about as intelligent as a human but isn't interested in anything other than sex. Is completely loyal to you and can be imported as a companion in future worlds.

Guard
Good Steel 100
Considering the world you're in, this is a surprisingly covering set of armor. A cuirass with shoulder guards over a gambeson with a skirt reaching just below your knees. Offers good protection, is always clean, and repairs any damage within an hour.

Badass Eyepatch 200
This is a power limiter in the form of a simple eyepatch. When you're wearing it, you can dial all your capabilities to whatever level you want, with that level looking like your natural one to any scans performed on you. Doesn't actually block your vision and makes you look cooler and more serious.

Feminization Elixir 400
A pink bottle in the shape of a feminine body with a potion inside. A couple of drops will be enough to smooth someone's muscles and increase their breast size while also making them lactate for about half a day. Contains enough potion for about two weeks of transformation. Drinking more than a couple of drops will increase sensitivity drastically, forcing someone into a nigh-constant state of orgasm.

Death Bringer 600
This weapon of your choice is quite heavy for others but weighs almost nothing for you. It never breaks and is always clean. What's most important is that it can always damage a target, even if it shouldn't be possible, like it being intangible or immune to your specific weapon. The amount of damage depends on your relative strength to your enemy, with the more powerful foes than you suffering less severe injuries, but never to a point that it is less than an inch deep cut or a serious bruise.

Hero
Heroic Clothes 100
This perfectly fitting outfit in your chosen style has your genitalia completely exposed for easier access. No one sees anything weird with you going around like that.

Ancient Prophecy 600
This ancient mural depicts a prophecy of your most likely fate in this jump. It is rather clear and updated once a year to include a new future for you.

Monster
Slut Fairys 100
Over a dozen small buxom fairies that are quite a lot more stealthy than most people would think, as well as having an ability to share senses and memories with you. They're absolutely loyal but quite dumb unless directly controlled.

Alchemical Garden 200
A building full of all kinds of different magic plants, with there being at least a single sample of any and all supernatural plants, no matter how rare they might be. Updates in future worlds while still providing ones from past jumps. Everything here restocks a month after use.

Cum Chalice 400
An intricately crafted cup made out of some sort of magical crystal and dark metal. Any liquid dropped inside of it is multiplied over a hundredfold in volume while also being perfectly contained, not spoiling, and not being affected by temperature or anything else.

Dark Place 600
A cave with a sealed entrance that only you and those you bring with you can go in and out of. It contains some sort of powerful evil being, be it a demon or a dark god of some sort. Its powers are completely sealed, and it's far more receptive to any bartering done with it than normal, allowing you to gain far more from any deal done with it than usual since you can partially or fully unleash it.
