Out of Context: Power Puff Girls Supplement

V1.01 By Deverossphere

This document can be used as a supplement in any Jump that would not otherwise have the PowerPuff Girls within its continuity.

By taking this Supplement, you have chosen to be an artificial human created by an unstable chemical reaction, and you will enter into that continuity as a Drop-In awakening in a scientific experiment going horribly right.

As a Powerpuff human, you are visibly similar to a human; however, you will start looking like a child.

+1000 CP

If this Supplement is instead taken as an Isolated Jump, you may select a setting of your choice even if it doesn't have a Jump Document and use this document as a ten-year-long Jump.

Origin:

Each Powerpuff Girl has their own strengths, so which one are you most like?

Blossom

You're the smart, organized, and self-proclaimed leader of any group, who represents the "everything nice" ingredient. You prefer to be logical, level-headed, and act as the voice of reason. However, you can be a bit of a perfectionist and take your responsibilities too seriously.

Bubbles

You're the sweet, sensitive, and joyful heart of any group, who represents the "sugar" ingredient. You are kind-hearted and love animals, often acting as the peacemaker. However, you are sometimes perceived as soft or vulnerable due to your gentle tendencies.

Buttercup

You're the tough, rebellious, and bold member of any group who represents the "spice" ingredient. You are brash, quick to anger, and love to get your hands dirty. However, you are overly aggressive and prefer solving problems with your fists rather than working out strategies.

Perks:

Perk Booster Demonstration:
To get a **Booster:** Perk, you will need to purchase the stated Perks. As a **demonstration**:

Something Rare -400 EP
This Perk is an example of something rare that the subject of this OOCS can do.

Almost Unique -600 EP
This Perk would be an almost unique thing that the subject of this OOCS can do.

Something Rare Booster: Something Unique
This Perk is an example of something unique that the subject of this OOCS can do.

To get the Perk **Something Unique**, you need to take both the **Almost Unique** Perk that it follows and the **Something Rare** Perk that is commented before the boosted Perk.

General Perks:

Childish - Free
You can activate this Perk on yourself and any other willing being in order to change the target's age, making them biologically 5 years old. If reactivated on someone on whom it was previously activated, it will turn them into a 5-year-old again. If this perk is specifically disabled on any willing target, it will disable all iterations of this perk, returning them to their initial age before the chain of this perk was first activated.

Powerpuff Origin - Free (Cannot be taken with “Mr. Mojo's Rising”)
This is an **Out of Context Origin Perk**. At the start of a Jump, you can use this Narrative Perk to set your entry into the Jump Setting as being born from a chemical experiment gone wrong.

Dynamic Entry - Free (Requires 3 “Out of Context Origin Perks” from other Supplements)
Using this narrative perk, you can dynamically craft your method of Dropping into a Jump.

Sugar -100 CP
It seems you are adorable. While you have this Perk Toggled on, everyone will subconsciously think that you're so sweet and innocent, regardless of what kind of person you are. Regardless of whether your actual moral character is that of an inhuman monster, while this is active, you will give off the impression that you are a kind, innocent soul, even if they have the ability to judge you, unless you do something to prove this impression false.

Spice -200 CP
You are the tough type, as you have superhuman strength and durability enhanced by limited Toon Force. This makes you capable of lifting up a mountain, knocking out giant monsters, surviving living in the earth's core, and withstanding projectiles moving at lightspeed without issue.

Everything Nice -400 CP
You now gain a nice selection of super-enhanced senses, so you can taste all the ingredients in any food, feel any movements in any objects you're touching, and gain a sense of smell stronger than a dog. Your hearing improves to an impossible degree, allowing you to hear anything anywhere on the planet and even through space, but you will need to focus in order to hear what is being said rather than just noise. Finally, your vision is so enhanced that it allows you to see microscopic organisms through objects like an X-ray, see a wider scope of colours, and see perfectly in blinding light or pitch dark as though it were normal daylight.

Chemical X -600 CP
Well, even though an extra ingredient was accidentally added, it gave you an extra boost. You can now exist in space without needing to worry about oxygen or radiation, you can shoot energy blasts, create shields, and fire laser beams from your eyes. You can also fly at velocities exceeding the speed of light and potentially even break the time barrier through speed alone.

Everything Nice Booster: Chemical W
Well, it seems you got more letters of the alphabet in your creation, as with Chemical W, you gain an emotionally charged field of electricity, which you can unleash as a gigantic, destructive explosion. Your mind is enhanced so that you can move multiple objects through the air without coming in any physical contact with them and can teleport from one place to another, either at short distances or very long distances.

Blossom Perk Tree:

A Very Special Blossom -100 CP (Free for Blossom)
You are now able to target others in order to learn what gift they would like the most. You can also target a gift in order to see who you know that would want it the most.

Fallen Arches -200 CP (Discounted for Blossom)
Whenever you face an enemy, you may use this perk to find out who would be the best opponent to face them in your stead. It will be down to you in order to convince them to fight your battles for you, but this will make it easier for you.

A Made Up Story -400 CP (Discounted for Blossom)
You are now the master of makeup, as you can instantly create and apply any type of makeup to anyone you make physical contact with. This allows you to apply a disguise, disorient enemies, or even just get ready for a night out all in an instant.

Everything Nice Booster: The Mane Event
Your aesthetic control has now been upgraded so that, in addition to makeup, you can now change the hairstyle and clothing of anyone you touch. You can also project a beam attack that will have the same instant change effect on hair, clothing, and makeup that physical contact does.

Not So Awesome Blossom -600 CP (Discounted for Blossom)
Even superheroes have bad days, but with this, you no longer need to worry about bad luck; your enemies will. Thanks to this perk, you will no longer suffer from curses or artificial bad luck, but you can target others so that the odds always fall out of favour for them.

Chemical X Booster: Ice Breath
You are now able to manipulate the heat of anything inside of your body, allowing you to breathe out superheated or supercooled breath to project ice or fire breath.

Fallen Arches Booster: Liberty Belle
Like the heroic Liberty Belle, you are able to force others to experience guilt for their actions. Even an inhuman monster will be forced to feel the consequences of any negative actions they have taken. This can be toggled on permanently or made active for a short period of time.

Bubbles Perk Tree:

Bubblevision -100 CP (Free for Bubbles)
You are now able to create super bubbles. These bubbles will perfectly match whatever you target so that light is perfectly focused for your intentions. This could be used to counter any vision issues, to focus lasers, or just to create distractions.

Pet Feud -200 CP (Discounted for Bubbles)
You now have an instinctive connection with animals that makes it so that they always like you. This will make it so that non-sentient animals will never willingly attack you unless you harm them, and sentient animals will have a better disposition towards you.

Mime for a Change -400 CP (Discounted for Bubbles)
You are now able to create invisible or visible solid objects from emotions. These objects can be as simple as a block of wood or as complex as a mechanical clock; however, they will not be able to replicate chemical reactions, restricting their capabilities. The stronger the emotions that fuel them, the more durable they become.

Everything Nice Booster: All Chalked Up
You are now able to design and animate physical manifestations of selected emotions. This means that, depending on your artistic skills, you could create a stick figure or an artistically accurate person, fuelled by a designated emotion such as joy or fear; the stronger the emotion, the stronger the entity.

Bubblevicious -600 CP (Discounted for Bubbles)
You are now able to selectively spread emotions, making it so that those around you feel whatever emotion you designate with greater ease. While this can't create the selected emotions, it will make it far harder for people to stifle or repress those feelings. The longer a specific emotion is active with this perk, the larger the range of its effects.

Chemical X Booster: Sonic Scream
You now have far greater control over sound and communication, as you can produce a sonic scream and speak any language. You can control how powerful and destructive your sonic scream is so that it could shatter glass or level a building. While this can be used to speak to non-sentient creatures, there may still be conceptual barriers preventing you from understanding what they are trying to say.

Pet Feud Booster: Harmony Bunny
Like the friendly Harmony Bunny, you can both feel the true emotions of others and force them to temporarily feel whatever emotions you designate. When feeling someone's emotions, any alterations such as those caused by this perk will be detected, but you will be very aware that they are artificial. You can create a sticker roll where each sticker represents emotions. When a sticker is attached to someone, they will be forced to feel that emotion until the sticker is removed.

Buttercup Perk Tree:

Buttercrush -100 CP (Free for Buttercup)
You are now a master of destruction, as with this perk, you can easily determine the quickest and easiest ways to break stationary objects. This lets you know how to break a safe, how to topple a building, and how to shatter a gemstone.

Cover Up -200 CP (Discounted for Buttercup)
You are now talented at binding what you care about. From this, you can designate something important to you; this will prevent anyone from thinking that it is important to you, even if you have openly expressed your love for it.

Tough Love -400 CP (Discounted for Buttercup)
Sometimes you really want to hit people, but you don't want to kill them. Through this perk, you will have full control over your relative strength so that you can strike people with enough force to hurt them without harming them or killing them.

Everything Nice Booster: Moral Decay
You can now see the weak points in others, allowing you to strike them effectively enough to do the most damage or break through their armour in order to leave them vulnerable.

Speed Demon -600 CP (Discounted for Buttercup)
You are a master of speed, as you can now pull the maximum acceleration out of your body without issue. From this, you can run, fly, or teleport as quickly as possible without feeling any discomfort or tiredness, allowing you to go full pelt indefinitely without consequence.

Chemical X Booster: Tongue Curl
You have become a master of your own anatomy, allowing you to control your body with expert control. This means you can perfectly bend and fold your body in any anatomically possible way and use the full force of your strength, even if normally your body would prevent you from doing so out of self-preservation. You can also curl your tongue, on top of being an expert contortionist.

Cover Up Booster: Mange
Like the edgy Mange, you have a mastery over darkness as you can now produce and manipulate a black fog, which can function as an opposable limb. The black fog can be used to act as camouflage or grab things like a limb.

Items:
Any lost or stolen items will be returned to you after a week in the same condition as when you had them. Any damaged items could be repaired and have the broken condition removed if worked on by a capable engineer.

Power Puff Attire - Free
You now have a set of colour-couriered clothes.

Chemical ALPHABET! - Free
You now have a collection of 26 superpowered chemicals from Chemical A to Chemical Z.

Drawbacks:

Mr. Mojo's Rising +100 CP
You are no longer a Drop-In or from an alternate Reality.
You are instead a local who has come into contact with Chemical X, gaining powers. You will need to work out your Background with your Jump-chan. You will also lose all items from this supplement.

The Day is Saved +100 CP
With this drawback, a new evil will be added to the world. You can take this drawback a maximum of 4 times with each purchase, importing one of the Powerpuff Girls' enemies who will arrive with intentions of taking over the world.

- Mojo Jojo is a hyper-intelligent, megalomaniacal chimpanzee whose brain outgrew his skull following the Chemical X incident.
- HIM is a demonic, shape-shifting entity of pure evil. Recognizable by his androgynous look, flaming eyes, lobster-like claws, and high-pitched, echoing voice.
- Fuzzy Lumpkins is a banjo-playing, pink, fuzzy, hillbilly monster with a massive temper. He reacts aggressively whenever anyone touches his property or encroaches on his territory.
- Princess Morbucks is a wealthy, spoiled brat who believes money can buy anything, including superpowers. She uses high-tech gadgetry purchased by her father to fight the girls.

Rowdyruff Boys +200 CP
Normally, there would be no other Powerpuff-powered individuals in this continuity, but with this drawback, the Rowdyruff Boys will appear. They have the same powers as the Powerpuff Girls, but are a lot more aggressive and destructive.

Trevor +200 CP
With this drawback, a criminal named Trevor will appear wearing an oversized costume resembling Blossom. Trevor will have access to all the perks on the **Blossom** Perk Tree.

Sid +200 CP
With this drawback, a criminal named Sid will appear wearing an oversized costume resembling Bubbles. Sid will have access to all the perks on the **Bubbles** Perk Tree.

Bubba +200 CP
With this drawback, a criminal named Bubba will appear wearing an oversized costume resembling Blossom. Bubba will have access to all the perks on the **Buttercup** Perk Tree.

Can of Whoop-ass +200 CP
It seems it was not Chemical-X that fell into your creation, but instead an energy drink. Because of this, your sense of aggression is massively increased.

Favourite Sibling +300 CP
It seems you want to pick favourites, as with this drawback, you will only be able to purchase perks from the general perks section and your origin perk tree.

Power Punk Girls +1000 CP
With this drawback, a trio of super-powered girls will arrive; however, these girls will have the intention of causing chaos and destruction. These villainous counterparts of The Powerpuff Girls from a parallel universe were created by Oppressor Plutonium, made of salt, vinegar, and everything nasty, as well as Chemical X.

- Berserk is the self-proclaimed leader of the Powerpunk Girls. She is cruel, controlling, and sarcastic, but has notable intelligence. Berserk will have access to all the general perks and all the perks on the **Blossom** Perk Tree.
- Brat is considered the youngest of the Powerpunk girls. She is sassy, uncaring, and troublesome. Brat will have access to all the general perks and all the perks on the **Bubbles** Perk Tree.
- Brute is the most violent and rebellious member of the group, who enjoys being cruel and crude towards everyone. Brute will have access to all the general perks and all the perks on the **Buttercup** Perk Tree.

Blister +1000 CP
Blister is the older sister of the Powerpunk Girls. She was Oppressor Plutonium's first attempt, but was too destructive, resulting in Oppressor Plutonium trapping her in another dimension. Blister has an aggressive and cruel temperament, but has little control over her powers. Blister will have access to all the perks on this Jump Document.

Generic Drawbacks:

Accident Prone +100 CP
You're prone to minor accidents that, while inconvenient, painful, or embarrassing, are not likely to kill you. You can expect any plans you make to suffer some kind of bad luck.

Acrophobic +100 CP
You are terrified of heights, and anything deeper than a 10-foot drop will make you weak in the knees.

Age Problems +100 CP
For the duration of this Jump, you lose all age resistance perks and powers.

Almost Entirely Dark +100 CP
Has the sun gone out or something? Everywhere you go, it seems like it's so dark that you could mistake midday for early night.

Always Left Behind +100 CP
Why do they keep leaving you behind?! You will find that Companions, allies, and benefactors are always ditching you to deal with things unrelated to your current predicament.

Amnesia; Jumpdoc +100 CP
You lose all memories and knowledge of what you purchased in this Out of Context Supplement and any connected Jumpchain.

Angered Factions +100 CP
Each time you take this, a different, random local faction will consider you an enemy once they become aware of you. There isn't a limit to how many times this may be taken.

Antagonistic Timing +100 CP
Your enemies keep showing up at inappropriate times.

Artificial Flashbacks +100 CP
You have horrific flashbacks to horrible events involving your family and yourself. These events never actually took place, and the flashbacks happen randomly.

As You Know +100 CP
Everyone expects you to already know what's going on, so don't expect to get any explanations.

At Least Buy Me Dinner First +100 CP
Dangerous entities have a habit of taking an interest in you… a romantic interest.

Awkward Affection +100 CP
You are really bad at expressing your affection. Every attempt you make is extremely awkward and unpleasant for anyone who observes it.

Bad Name +100 CP
Everyone you meet will assume your name is something that you find insulting or annoying, and nothing you can do will change it in your mind.

Behind Your Back +100 CP
People always say horrible, hurtful things about you whenever they *think* you're out of earshot.

Black Cat +100 CP
Expect to see ill omens that seem to suggest terrible things coming your way. Mirrors break in your presence, lone magpies drop-dead at your feet, and other strange, malign portents follow you. Let's hope these superstitions are just that.

Bounty +100 CP
It seems you've pissed off the wrong people. You have a notable bounty on your head, and while it's not enough to get the big guys interested, it *is* enough to draw the attention of random thugs.

Culture Shock +100 CP
This world doesn't have the same cultural standards you're used to, which isn't a problem if you're quick to adapt. Unfortunately, you *won't* be. You'll constantly butt heads with anyone whose cultural norms and social mores are different from your own. While you can slowly adapt, they'll always rub you the wrong way, and your overall experience here will be much less enjoyable.

Crop Rotation +100 CP
Pests and poor weather have had a serious impact on the local farming industry. Food will be harder to come across and far more expensive as a result.

Dark Memories +100 CP
You will now gain memories of a lifetime of abuse since early childhood. Though these memories are false, you will not be able to differentiate them from real memories beyond knowing they are fake.

Didn't Read The Instructions +100 CP
You don't know how anything works and refuse to have anything explained to you. Using any sort of equipment will require trial and error.

Disinteresting +100 CP
You seem to emit an aura of monotony, causing everyone who doesn't know you to think you are a boring stick in the mud that wouldn't know fun if it hit them.

Do you Feel Lucky, Punk +100 CP
You keep unintentionally making pop culture references that no one else seems to recognise.

Double Trouble +100 CP
You will always encounter twice as many enemies in the world, because every foe you face will have one identical copy that only you can see. The worst part is that this seems to be a Schrödinger situation, as the *real* one is never the one you defeat first.

Easily Deceived +100 CP
You're too trusting, willing to believe almost anything you're told, and become confused when you're told conflicting things.

Elites Everywhere +100 CP
Every group of opponents that you face will have at least one additional elite member.

Extended Stay +100 CP
You can increase the duration of this Jump by ten years. You can take this a maximum of ten times, increasing it by up to one hundred additional years.

Faulty Gear +100 CP
Any tools you attempt to use will rust and decay at an accelerated rate, and you won't realize how severe the damage is until it is too late to repair.

Friend List +100 CP
Random people claiming to be your friends keep showing up, but you won't remember any of them. Although some of them may be, most are trying to maliciously use you for their own benefit.

Friends to the Four Winds +100 CP
Instead of arriving at your Location Choice, your Companions are now scattered randomly throughout the setting. They won't be able to enter your Warehouse until they've found either you or one of your properties.

The Glitch +100 CP
Technology randomly fails around you, normally when you need it the most. You might be able to jury-rig a quick repair, but you'd better act quickly because while this won't be instantly fatal, it will make things more dangerous.

Gore Galore +100 CP
It seems that every creature you kill has ten times the amount of blood and viscera that you would expect, making it a real possibility of drowning in the blood of your enemies.

G-Rated +100 CP (Incompatible with "X-Rated")
This Jump is now a family feature... or so it seems when it comes to you. Any attempts to swear, drink alcohol, take recreational drugs, have sex, kill someone, or anything that might warrant a PG rating will be averted at the last moment – often painfully and humorously.

Heroic Sayings +100 CP
You have several quotes and sayings that always come across as annoying or cheesy, which you unintentionally use every time you try to talk to others.

Hidden Knowledge +100 CP
People keep forgetting to tell you important things until it's *just* about to become relevant.

Hideous Haircut +100 CP
You have a haircut that everyone finds disgusting. They'll make comments about how ugly it is, and nothing you do will change it.

The Holiday Special +100 CP
Whenever you reach an in-Jump holiday, the world around you will start to follow the tropes of a Special Holiday Episode. This will happen for every main holiday, such as Christmas or Halloween, and at least once during the Jump for each lesser-celebrated holiday like May Day or April Fools' Day.

Honorbound +100 CP
You always do things as honorably as possible, such as informing someone if you intend to arrest (or kill) them before giving them time to surrender (or prepare) before taking action.

How Do I Keep Falling Into These Situations? +100 CP
Anytime you're not busy with something - whenever you aimlessly wander around, going for a jog, or you just have free time - you'll find yourself walking right into the middle of active trouble.

I Must Nap +100 CP
You need at least seven hours of sleep per day, or you'll feel exhausted.

I Spy +100 CP
Your enemies can easily spy on you without being detected.

In Another Castle +100 CP
Each time you attempt to complete a task or objective, you will find that you have been tricked and will have to repeat the process all over again. You'll not only forget this Drawback, you'll also forget every previous time you've been affected by it whenever you start a different task. This only triggers once per task and will not become an endless loop of deception.

Inconveniences +100 CP
You will constantly encounter minor obstacles that are uncomfortable to deal with.

Kick The Cook +100 CP
You are a terrible chef, and everything you cook is disgusting. You can't even cook toast without making it *monstrously* vile.

Knowledge Lockout +100 CP
You lose all of your knowledge of the setting's universe and its continuities once you start the Jump.

Language Barrier +100 CP
You do not speak the local language, and no one here knows what you're saying until you learn.

Loser +100 CP
Anyone who doesn't know you will automatically expect you to fail at whatever you are trying to do. This will cause those who mean well to push you to work harder, and those who don't mean well to attempt to discredit you.

Low Budget +100 CP
Something about this world just seems... *cheap*, with flying wires, plastic shields, old school lights, and tatty-looking monsters.

Magnet For Misfortune +100 CP
You have *terrible* luck. You're almost constantly hit by random, unpleasant, and painful bouts of misfortune.

Money Money Money +100 CP
Your avaricious desire for money and other symbols of wealth leaves you willing to go to extreme lengths to get more.

Never Mind My Head Trauma +100 CP
People don't care when you're injured.

Nightmare +100 CP
Every night, you'll fall asleep and suffer terrible dreams.

No Hard Feelings +100 CP
There's one random person who constantly tries to outdo you… And somehow, they keep succeeding before rubbing it in your face.

Optician Required +100 CP
Your eyesight is highly restricted, as you can not see anything other than indistinct blurs without wearing glasses. No form of healing can remove this drawback, and any form of contact lens will feel incredibly itchy.

Orphan +100 CP
Your in-universe parents are dead, and you are an orphan.

Pixelated Objects +100 CP
This pixelation in this Jump would shame an NES. Everything is blocky!

Plot Anchor +100 CP
Every plot seems to revolve around you, and no matter what you do, you will always be dragged into the story.

The Pollen +100 CP
You have hay fever, and it's really, *really* bad. Just a handful of flowers could leave you with blurred vision and sneezing for hours.

Prove Your Worth +100 CP
Every time you try to do anything, it seems that everyone wants you to complete an arbitrary task to somehow prove your worthiness. This won't be hard, but it happens all the time for even the smallest things. It may even cause you to get stuck in a worthiness spiral, requiring you to prove your worth to get things needed to prove your worth for some totally unrelated task.

Recurring Foe +100 CP
You have an enemy whom you have no way to convince to leave you alone. Each time they encounter you, they learn more about you and how to better face you in the future.

Rough Childhood +100 CP
You were not as lucky as some people. Your in-universe childhood was - or will be - abusive and painful to such a degree that you will be affected by it, even if you didn't really live through it.
Gain an extra **+100 CP** if taken with **Just A Child**.

Scarred +100 CP
You either have horrible burns or horrible wounds, neither of which you can hide. You appear monstrous to others, causing most to feel deep fear at the sight of you.

Scripted Encounters +100 CP
You'll run into whatever threat you're dealing with more often. You won't automatically become a priority target, but sheer proximity is likely to put you at risk.

Shameful Attraction +100 CP
The worst kind of perverts keep seeking you out and trying to get you to fulfill their fetish.

Shy +100 CP
You find that it's incredibly difficult to talk with people you want to be friends with.

Sickly +100 CP
You have a poor immune system and are more susceptible to illness. You'll get sick at least once a month.

Silent Night +100 CP
Unfortunately not. An annoying narrator who constantly insults you and reiterates things that you already know will rhyme in your inner ear every. Single. Christmas.

Silent World +100 CP
The world seems emptier than it ought to be. You don't know what happened, but the population of your starting planet (or nearest equivalent) is *drastically* lower than expected. After including every named character, the population is at most **10%** of its expected total. If you would normally see eight billion humans, you can instead expect to see as few as eight *million* instead.

Simple Minded +100 CP
You find it difficult to understand somewhat complex topics, and you have trouble remembering when holidays are.

Stalker +100 CP
A random, ordinary human knows *everything* about you and is *obsessed* with you. They're also protected from any Perks or Powers that would help you find them quickly.

Stranded +100 CP
Instead of whatever your normal starting location would have been, you find yourself in the middle of a deserted island somewhere in an ocean.

Team Up +100 CP
It seems that you can't go anywhere without some random person showing up and joining you. What's worse, *they* always seem to get any of the praise you may have earned, and *you* always get all the criticism for the group's failures.

They Heard You +100 CP
Any time you say something mean about someone, they'll overhear you and probably get upset. You will forget you took this Drawback.

They Took My Loot! +100 CP
Any time you leave any treasure unguarded, expect thieves to show up and steal it.

This Is A Holdup +100 CP
For some reason, every two-bit henchman, sidekick, minor minion, and comedy relief character thinks they can kick your ass, and they're going to go out of their way to prove it! Expect to get mugged *a lot*.

This Is A Really Good Book +100 CP
Whenever you try to read a book, you get sucked into the narrative and ignore everything happening around you.

Thugs For Days +100 CP
Every day, a minimum of ten random thugs will show up and target you.

Touch Of Madness +100 CP
Things keep happening that leave you thinking you're going crazy… and maybe you are, but not because of this Drawback.

Turn-Based +100 CP
Whenever you enter into a fight with someone, you will find yourself transported into a weird pocket dimension where you are only able to take an action after each of your opponents in a fight.

Two Of A Kind +100 CP
People keep drawing parallels between you and other people, and these comparisons are *not* flattering.

Unknown Rival +100 CP
It appears someone has taken a shine to you, but not in a good way. They have abilities or a similar area of expertise to you, and they're *not* taking it well. They won't do anything to outright harm you, but they *will* try to one-up or challenge you, and there's not much you can do to get rid of them. If you beat them at their own game, they'll double down. If you try to help them beat *you* to get them to leave you alone, you'll come out on top purely by accident, which will, again, spur them to double down.

Unnecessarily Slow +100 CP
Everything that happens here seems to take forever, moving at a snail's pace. I hope you're a patient person.

Unwanted Crossover +100 CP
This drawback acts like a magnet for other settings, resulting in strange individuals from other worlds popping up and potentially causing us issues. These individuals tend to have power consistent with the power level of the chosen setting, but you won't have any way of knowing when someone new has shown up.

Wanted +100 CP
You have a criminal record somewhere out there. It has a surprisingly high bounty, but not so much that you will be sought out. People *probably* won't go after you as long as you stay away from wherever your wanted poster is.

Wearing Underwear on the Outside +100 CP
You have terrible dress sense, with everything you wear being the worst possible combination of clothing.

The Weirdo +100 CP
Everyone seems to think that you are a strange individual, and they will go out of their way to avoid you unless they actually need to speak to you.

What's His Name? +100 CP
No one seems to remember your name, so you've been given a nickname that really winds you up. What's worse, most people think that it's your actual name.

What's That Smell? +100 CP
No matter where you go, no matter what you do, something always smells slightly off. The source of the smell varies depending on your location, but it's always distracting.

What's Wrong With His Face? +100 CP
Your face has been messed up, leaving you grotesquely ugly and near-unrecognizable to everyone who knows you. Those with a weak stomach may be sick merely at the sight of you.

Where Did I Go Wrong? +100 CP
You can't tell the difference between confidence and arrogance.

Why Am I Naked +100 CP
You start this Jump naked, and your clothing becomes incredibly fragile as it keeps getting destroyed, leaving you in the nude.

X-Rated +100 CP (Incompatible with "G-Rated")
Things in this Jump are a little more… *explicit* than normal. Sex, drugs, murder, and a lot more are out there, and it's almost like this world is desperate to show it all off.

Amnesia; Local +200 CP
Until the end of this Jump, you can not remember the events of the setting you have entered.

Amnesia; Personal +200 CP
You have no memories of your personal life before entering the current Jump, but this does not affect academic, social, or media knowledge.

Amnesia; Jumper +200 CP
You lose all memories and knowledge you gained since beginning your first Jumpchain.

An Accident +200 CP
You keep accidentally falling into compromising positions.

Betrayal +200 CP
You keep trusting people who don't deserve it, and they keep betraying you.
Whether you're just that naive or it's against your better judgment, you keep trusting people who don't deserve it, and they keep betraying you.

Bigger Boss +200 CP
Any time you defeat an enemy, not only will their superior know, they'll also know *how* you did it.

Blinded +200 CP
You have lost your eyesight and will not regain it this jump.

Dark Minions +200 CP
Some odd physical embodiments of evil will seem to appear everywhere, and they always attack you. No one else ever seems to see them or interact with them, but those things seem to be drawn to you like ants to sugar. If the setting already has creatures of darkness or evil, they are now also drawn to you en masse.

Dead Or Alive +200 CP
You have a local criminal record, and anyone who recognizes you as the target may attempt to turn you in for the bounty.

Demonic Disturbance +200 CP
Your presence has caused discomfort for the demonic entities within your chosen setting. They will attack you on sight and may go out of their way to make sure any acts of evil in your area are directed towards you. If demons didn't exist in the setting beforehand, they do now.

Discount Budget +200 CP
Anything you get your hands on is always the cheapest alternative option.

Fighting Myself +200 CP
At least once per week, you will appear within an empty space outside of time and must fight to the death against a fake copy of yourself. This copy will have all of your Perks, Items, and Abilities, but regardless of how the battle goes, you will not truly die. You will still feel pain, however.

Friends From Beyond Your Dimension +200 CP
A powerful godlike being will interfere in your life, making it more interesting or fun for them to observe.

Godly Distractions +200 CP
Your presence has drawn the attention of the universe's local divinity. Though they will not take direct actions against you, they will pull strings to make things difficult for you until you choose to confront them. If no gods exist within the Jump continuity, your Jump-chan may choose to retroactively add the Gods, such as the Greek Gods, to the setting for this Drawback.

Hormone Problems +200 CP
You have a heightened state of arousal that makes it so that you are constantly in the mood and find those you are attracted to far more attractive.

Lemming Friends +200 CP
All of your in-universe allies gain an unfortunate lack of self-preservation, causing them to take actions that are obviously stupid or will likely end very poorly for them.

I Hate Fighting Me +200 CP
At least once a week, you will have to fight a counterfeit version of yourself. Some will be shapeshifters, artificial replicas, and occasionally incomplete clones, but none of them will have any Perks, Powers, or Items gained from a Jump-Doc.

Instructional Video +200 CP
Whenever you do something for the first time, you will be forced to watch a long, boring tape that doesn't actually explain anything.

Is this Blood +200 CP
You have an unfortunate habit of stumbling upon fresh corpses without any excuse or explanation.

Lemming Behaviour +200 CP
You lack any self-preservation. No matter the danger, no matter the threat, you seem to face it as though you are invulnerable. The greater the chances of you being crippled, maimed, or killed, the more excited you become.

Local Scale +200/300/400/600/800 CP
Your power, and perhaps your growth, has been restricted to align with the locals. Any Perks or Items you possess that exceed this power will be weakened if possible or otherwise made unavailable for you to use until you reacquire through normal means power roughly equal to your lost or weakened Perks and Items.
For **+200 CP,** you start the Jump with power equal to the local protagonist.
For **+300 CP,** your initial level of power will be capped at the general range of the supporting cast at the start of the fictional setting.
For **+400 CP,** your level of growth will be capped to match the growth of the local protagonist.
For **+600 CP,** you'll instead be limited to 90% of the scale of growth of the local protagonist.
For **+800 CP,** your scale of growth will be limited to 85% of that of the local protagonist, while your strength shifts so that it is never enough to make you as powerful as the story arc's main villain.

Looking For Help +200 CP
You often struggle to find allies and will often find yourself alone without anyone to trust.

Mirror Match +200 CP
It seems that you have a clone out there causing chaos. They will have all the perks and race options you picked in this Jump, but their minds are empty.

Nightmares +200 CP
You will suffer terrible nightmares showing you the dark and twisted actions that your enemies might be performing while you are helpless. You can't separate these dreams from reality.

Perfection +200 CP
You are now a perfectionist and will refuse to accept anything less than perfection.

Pet Food +200 CP
Creatures of every shape and size will want to eat you, from animals as small as a flea to ones as big as a lion. The only exceptions to this are sentient creatures such as humans.

Pig +200 CP
You are always hungry, with no amount of food truly satisfying your appetite.

Poor Underestimation +200 CP
You forget this drawback, and whenever you underestimate an opponent, they will get stronger.

Publicity +200 CP
Every mistake you make will become public knowledge, and every negative misinterpretation of your actions will be highlighted. It's almost like someone is trying to make you look bad.

Read People Like A Brick +200 CP
You can't read people, you can not understand people's emotions, and you often misconstrue what they mean, causing you to be oblivious to the intentions of others.

Sore Thumb +200 CP
There is something odd about you that makes you seem noticeable as a foreign being to anyone who deals with anything not native to Earth or this dimension.

Stealthless +200
You are very bad at sneaking.

The Bad People +200 CP
For some reason, everybody is an asshole to you. They will treat you like dirt, and if you dare refuse to do anything for anyone, don't expect any kind of help from them ever.

The Good People +200 CP
It seems that everybody wants something from you. They want you to get their cats out of trees or fetch them milk for their tea, and if you refuse to do a task for someone, you're the asshole. On the bright side, if someone has already given you a task that you are currently working on, people are less likely to give you new tasks.

Thou Shalt Not Kill +200 CP
You are not capable of killing anyone, from the weakest of insects to the most dangerous of gods, thus giving anyone who may be killed by you selective immortality.

Too Soon +200 CP
Every attempt at a romantic confession or to kindle a relationship will crash and burn in a humiliating way.

Too Nice +200 CP
You tend to be overly accommodating of others, allowing them to dictate or make decisions for you. While most of the time this will be simple things, such as what to eat or where to go, if left unchecked, you could find others determining your whole life for you.

True To Myself +200 CP
Alternative versions of you from the future keep showing up and causing disturbances before disintegrating.

What The Heart Wants +200 CP
You have a massive crush on one of the main characters, as appropriate for you. You will discover which one when the Jump starts.

Wider World +200 CP
This world is bigger than you would normally think, but this also makes it more dangerous. There are more magical schools, more super martial arts, more alien races that will target the planet, more magical creatures that will show up to cause trouble, and more that would normally not be shown, and all of them seem to think they should involve themselves in the plot.

You’re A Joke +200 CP
No matter what you do or how effective you are, everyone will see you as a failure and treat you like a joke.

You're Only Paranoid if You're Wrong! +200 CP
You expect every word to be a thinly veiled threat, every offer to be a chance of betrayal, and every moment of weakness to be an opportunity to be attacked.

The Jumper's League of Antagonism +200/400/600/1000 CP
With this drawback, enemies from your previous Jumps will enter this continuity and find one another and join forces to destroy you. Your enemies will work together, while using their abilities, technology, and resources in order to enhance each other. When it comes to an Organization, either the leader or the member you've fought the most will join the team with a contingent of lower-ranked members for foot soldiers of the group.
For **+200 CP,** up to three enemies will appear.
For **+400 CP,** up to six enemies will appear.
For **+600 CP,** up to ten enemies will appear.
For **+1000 CP,** every enemy from previous jumps who wanted to kill you will appear.

Amnesia: Pre-Jump +300 CP
You forget all memories and knowledge that you have gained prior to this Jump, but you retain all knowledge you will have gained from your In-Jump origin and background. This essentially makes you your In-Jump character after they gained your Perks, Powers, Items, and Abilities.

Cat Got your Tongue +300 CP
You are now mute and unable to speak verbally for the duration of this jump.

Competent Enemies +300 CP
All of your enemies will get situational intelligence whenever you face them, making them twice as competent.

Crippled Limbs +300 CP
This can be taken up to four times, with each time affecting a different limb for the duration of this Jump.
You may select from either a left or right crippled arm, with each crippled arm lowering your hand-to-hand damage and accuracy with all weapons.
You may select from either a left or right crippled leg, with each crippled leg severely lowering mobility during combat. With one crippled leg, movement speed is halved, and with both legs crippled, movement speed is reduced to one-tenth.

Death Takes a Holiday +300 CP
Your enemies now seem to have some form of immortality, no matter what happens to them. While someone remains your foe, they can't die. None of your allies or enemies can slay them either. However, they can be crippled or imprisoned.

Everything Is Fine Now +300 CP
There are consequences for your actions, and it seems that after each battle, you will need to help clean up the mess.

The Ghosts Of Murder's Past +300 CP
Anyone you kill in this Jump will haunt you in the most annoying way possible.

Holy Problems +300 CP
You have an aversion to all religions and will feel weak whenever you come into the proximity of any religious symbols or objects.

I Saw You Barely Over A Year Ago +300 CP
Your sense of time is terrible. You can't tell if a week has gone by or eight years.

I'm Going To Take A Walk +300 CP
You seem to be a walking magnet for issues, as every time you go for a simple walk, you will be pulled into the middle of some kind of event, from a simple robbery to a deep, dark plot.

I've Come To Duel You! +300 CP
Your list of enemies has expanded, growing to include beings from other settings. Perhaps you will face Egyptian pharaohs, strange children, furry animals, or something stranger.

Just A Child +300 CP
Instead of starting this Jump as an adult, you will start it as a newborn baby. You will not start the Jump time until you are socially considered an adult, at which point the Jump time will start, and all other non-narrative drawbacks will begin to activate.

Living In Exciting Times +300 CP
Completely random but exciting things will nearly constantly occur around you. You can try to avoid interacting with them, but fate will often try to involve you regardless.

Outside Problems +300 CP
You keep getting stuck in situations outside the regular continuity, such as monsters, demons, and extraplanetary problems that never came up in the original story.

Part-Time Janitor +300 CP
There are consequences for your actions, and after each time events you are part of make a mess, you will have to help clean up.

Prepare For Evasive Actions +300 CP
Any time you are in a form of transportation, it will be attacked.

Split-Personality +300 CP
It seems that you are not alone in your own head. You have an alternative persona within you, one who cannot take control unless you lose control. They seem to be the antithesis of you, but they seek out what desires you refuse.

Today's Kind Of A Bad Day +300 CP
During this Jump, you will have one really bad day. Someone really strong will show up, beat you up, kidnap someone you care about, and no matter what you do, you will definitely die at least once. Let's hope you have a 1-UP.

Villain of the Week +300 CP
It seems you're a magnet for odd enemies, as every week a new enemy will show up to battle you, ranging from a weakling with delusions of grandeur to those who are a genuine threat to you.

Where are the Instructions +300 CP
You have no idea how to use your perks, powers, or abilities. You require trial and error to figure out the basics, let alone the full power.

You're A Right Git +300 CP
Everyone thinks you're an arsehole and a cheat, and nothing you can do will prove this wrong.

You Get One More +300 CP
If you do something annoying more than twice, you will get punished. How, why, by whom? Well, that will be situational.

Alone +400 CP
For the duration of this Jump, you can not import any out-of-Jump companions or followers.
If this document is taken as a Supplement, this drawback will not affect the companions or followers gained in the attached Jumpchain.
You must reserve this drawback, with the effects of the drawback taking place for the entire Jump.

Butterfly Wings +400 CP
Your mere existence will cause massive butterfly effects. The canon events are no longer protected, and every action you take will cause reactions that change the plot dramatically.

Empty Handed +400 CP
For the duration of this Jump, all out-of-Jump Items and Warehouse options other than your Body Mod are blocked.
If this document is taken as a Supplement, this drawback will not affect the items gained in the attached Jumpchain.
You must reserve this drawback, with the effects of the drawback taking place for the entire Jump.

Find And Seek +400 CP
Every year, you will gain a list of 12 items that will be scattered around the world. You will gain basic information about them, but failure to find them within a year will count as a Jump failure.

Here Comes The Bad Part +400
Whenever you get new information, there will always be a bad part to it.

I Am Bound By My Word +400 CP
You are bound by any promises you willingly make.

The Importance Of Education +400 CP
You will be required to attend 10% of your total time in this Jump inside an educational institute. Failure to do so will count as a Jump failure.

Known Enemy +400 CP
Someone doesn't like you. Maybe you wronged them, maybe your friends wronged them, or maybe there's just a huge bounty on your head. The point is, this person is going to try to kill you, and they will not stop trying to kill you until you or they are dead. They cannot be reasoned with, attempting to pacify them through supernatural means will not work, and while restraining them will buy you time, they'll find a way out.

Lost Or Found +400 CP
Your possessions keep winding up in the hands of the worst person to have them. Let's hope it's not world-shattering.

Powerless +400 CP
For the duration of this Jump, all out-of-Jump perks, powers, and abilities other than body mods are blocked.
If this document is taken as a Supplement, this drawback will not affect the perks gained in the attached Jumpchain.
You must reserve this drawback, with the effects of the drawback taking place for the entire Jump.

That Wasn't So Difficult +400 CP
You will forget this drawback, and any time you act overconfidently from solving an issue, a more difficult issue will occur.

Where Am I? Why Am I Here? +400 CP
You keep getting randomly teleported to locations to complete tasks without any idea of where you are or why you are there.

From the Depths of Hell +400/800 CP
For **+400 CP,** a powerful foe you've faced in a previous Jump has been brought to this Jump. They gain access to a random Jump-Doc that they can purchase Perks, Powers, and Items from as though they were a Jumper, and they want vengeance.
For **+800 CP,** they gain access to two random Jump-Docs instead of one and a random Out of Context Supplement.

Deathbound +500 CP
Every year, you will be stalked by death and suffer from dangers that are guaranteed to kill you at least once a year.

False Friends +500 CP
At least 12 times a year, an imposter will replace one of your friends or allies. They are almost identical to the person they're replacing, but they will have malicious intentions.

PS1 Game +500 CP/+1000 CP
There is something wrong with this jump. Instead of it being the normal version of the universe, you are instead in a PS1 game.
For **+500 CP,** this means that what you see of the world will be blocky with flat textures on the floors, walls, and people who are now complex NPCs.
For **+1000 CP,** the entire world will function as a PS1 video game with events forced to stick to a linear plot with optional time-sensitive subplots. You will not gain a system for extra lives or any of the in-game power-ups. However, there may be collectibles that do nothing.
You must reserve this drawback, with the effects of the drawback taking place for the entire Jump.

Auto-Punishment +600 CP
Every time you make a mistake, you unintentionally react violently, harming yourself as punishment. This results in minor wounds and injuries that build up over time. These injuries heal at a "normal" human rate, despite any healing abilities you might have.

So Weak +600 CP
At some point during this Jump, you and all your allies will be defeated. There is no way around this. You will lose, and you will all be captured.

We Humans Are Full Of Surprises +600 CP
The humans of this world are not necessarily what is expected. There are now mutants, metahumans, or otherwise superpowered people.

Boss Rush +600/1000 CP
Post-Jump, you will be forced to have a 1v1 fight against every enemy you have faced in the Jump, one after another. You will not be able to move on to the next Jump until you have beaten them all. For **+1000 CP,** all the opponents will have their raw power to reach yours, but they won't gain any extra training or proficiency.

AU Continuity +1000 CP
You are not in the canonical story, but an alternative universe randomly created from all the FanFictions and Fan Theories.

In Context Foe +1000 CP (Requires 2 or more of the following Drawbacks: "Powerless", "Empty Handed", "Alone")
To take this drawback, your Jump setting must have a Jumpchain that you have not used. A new opponent will be added to this jump, with their only goal being to destroy you. They will have double the total **CP** you gain in this Document, which they can spend however they wish in the unused Jumpchain.

Random Setting +1000 CP
By taking this drawback, you are no longer allowed to select the setting of your Jump; instead, you must use one of the following links and choose one of the six options it provides.
If that setting has a Jump Document already, you may use that Document for this Jump.
You may test each link as many times as you wish before purchasing it, but you must pay for the link before you click it when selecting a setting, and you can't change your mind afterwards.
