Farming Simulator

V0.1 WIP

By Nuthenry2

(Up for adoption, feel free to make a copy and finish it, just make sure to credit me. I found out that i don't have the skills to properly write a jump doc, just cut other people works and modified to fit my need so i'm hoping someone will give the doc the attention it needs)

+1000 cp

Location

Erlengrat - Swiss Alps

Felsbrunn - Europe

Ravenport - South California

Rural - anywhere on mundane earth in the countryside

Modded Map - any modded map, which will be modified to be like real life

Age and Gender

Pick any age older than 18, you can choose your gender freely

Lizard Pickup Rodeo 200 (Free)
4wd, 190hp,

Little Grey Fergie (Free / 50 / 100)
The TE20 series was First introduced to the British market in 1946 to 1956 and revolutionized the agricultural market. This TEF-20 is a later model with a 32 HP diesel and had a roll bar fitted to it at some point. Comes with a general purpose trailer with a weight limit of 3 tons (3050kg) and a 2.75 cubic yard (2.1 Cubic Meters) capacity.
For 50 cp, you get a set of Ferguson branded Shovel, ploughs, weights, Forks, Log Grab, 3 Ton Tipper and Sawbench implements.
For a total of 100 cp, you will have the complete set of over 60 official Ferguson implements for the TE20 series. includes implements like earthmover, sprayer, fertilizer spreader, Compressor, Post Hole Borer, Hedgecutter and half-tracks. While this seems like a great deal, do you remember this machinery is old enough to get a pension and it might not be worth your time using it. on the plus side though so you could show it off at vintage tractors shows.

Power Tools (100)
Chainsaw, Alaskan Sawmill, 3kw generator, drill, drill bits, grinder, stick welder + welding rods + welding mask, circular saw, sawsaw, air compressor, blow torch, flash light, soldering iron, jack hammer.

Machine work shop (100)
Lathe, drill press, log mill, wood chipper

Water ICM (Free / 50)

A 1000L Intermediate bulk container of water. Refills monthly, for 50 cp it can refill weekly.

Generic Seeds Bag (Free / 50 / 100)
1000L of generic seeds which changes this into whatever mundane seed you need. Refills yearly, but For 50 cp it will refill monthly, for an additional 50 cp it will refill weekly.

Organic Fertilizer (Free / 50 / 100)
1000L of organic fertilizer you may switch this between solid and liquid forms. Refills yearly, but For 50 cp it will refill monthly, for an additional 50 cp it will refill weekly.

Organic Herbicide (Free / 50 / 100)
1000L of organic herbicide, guaranteed not to harm any crops you want to keep. Refills yearly, but For 50 cp it will refill monthly, for an additional 50 cp it will refill weekly.

Drum of Fuel (Free / 50 / 100)
55 gallon (250L) drum of fuel, you may switch this between any different types of mundane liquid fuel. Refills yearly, but For 50 cp it will refill monthly, for an additional 50 cp it will refill weekly.

Land (Free / 50)
5 hectare of land, each additional purchase costs 50 which doubles the land. You may split up the land into a minimum of 1 hectare, which you can decide which pieces you want imported. Also you will have instinctual knowledge of where your land and sections begin and end.

Farm house (100)
1 bed, 1 bath, 1 kitchen, 1 living room, attic, well, septic tank, fuel tank, heater and oven. fuel tank refill every month

Green house

Wind mill

livestock pen

Sell deport (#
Sell all your stuff

Biogas plant (400)
turn organic matter into biogas, can sell or burn and sell power + electric from other sources + major grid connection and as a byproduct you get digestate fertilizer to do as with as you wish. all fiat backed properties and things in your warehouse can get power from it. If there is no grid in the jump a grid of 100km radius will spawn with the plant

Companions:

Sheep dog (Free)
Trained for farming, herding and being a good boy/girl

Farm Cat (Free)
Good at hunting pests and scares off pests

Drawbacks

supplement Mode (0)
combined with another jump. You pack up the life from the other jump to start farming. You may start a farm anywhere in the jump

Farming Episode (0)
every so often a group of people show up to be a farmer, they often quickly leave but if you give them a hard they may stay around

Fanfic (0)
enter a story based on Farming, you may import as a character and take their place.

Economic Downturn (+100 / +200 / +400)
profit margins are Slim, don't expect to buy fancy new tractors. Most farmers barely break-even. The economic collapse happen so don't even bother, you will spend more in fuel then you get for farming, assuming you can actually sell it

Weather (+100 / +200 / +300)
suboptimal growing Seasons. Inferno Summers and freezing winters, droughts

Notes:

Any cp backed item can use any flammable liquid as fuel

1 Hectare = 2.47 Acres
100 Hectare = 1 km2
