Regarding The Traditions Of Prefecture N, T City, R Village

V 1.0 By Apocbox

There's a village near the sea with an interesting tradition. Women that reach 30 without bearing a child, those that wish for a second or third but can't quite conceive, are meant to be cleaned by a young man's seed. After being claimed by one of them in a ritual where the young man writes his name over the woman's womb tattoo, they are to become mates and breed like crazy for ten days. No matter if the woman is taken or not.

You arrive a day before the claiming ritual.

Take this 1000 points to spend here.
