

Sister Leveling

V 1.0 By Apocbox

In this world your romantic desirability is directly correlated to your strength as a hunter. Beauty, sex appeal, aura. These are the traits that make up this world's strongest hunters. And then there is that guy.

No attraction, no game, no rizz. This is his story. And his sisters. And now yours too.

Take this 1000 points to spend. You will stay here for 10 years.

ORIGINS

Choose your age and sex for free. Any origin can be taken as a Drop In.

Hunter

One of the many superhumans running around beating shit out of monsters and each other. You can either wake up in your home or come to your senses as a part of the raid group with the 2-incher over there.

Jumper Route

Ah, a romantic interest. What's about you that makes a relationship with you fucked up? Are you related to the Sung family? Maybe you're underage? Whatever the case, the Rizz Leveling system recognizes you as a valuable candidate for being a target. Thankfully it at least doesn't mind wammy you into liking Jinwoo unless you want that, of course.

Side Hoe

Well, maybe. You are one of a few side characters that, even if systems recognize as deserving a route, will probably never get chosen by Jinwoo.

Monster

You spawn out of thin air in one of the dungeons. Strangely you do not seem to be locked into it and can leave at any time through the exit. You can choose how you look and your strength is locked to your Hunter perk level. Becomes an alt from after the jump.

Perks

Perks are Discounted to their respective origins, perks worth 100 are free and the rest is 50% off. Free Perks are optional.

General

No, I'm Pretty Sure I'm Adopted Free

At the start of any jump, you can choose to become an adopted member of any canon family. Even if you are a drop-in. Somehow.

Hunter Free/100/200/400/600

So you've got aura, you've got rizz, and most importantly, you've got mana. You can freely choose your own class. For free you are a D-rank hunter, enough to make a living doing dungeon raids but not that good of one. For 100 you are a C-rank, a rather nice spot to be with good opportunities, especially if you group up with similarly strong people. You'll also get scouted into guilds at this level. For 200 you're a B-rank, capable of taking mid-to-high-tier dungeons, and are able to deal with weaker monsters completely by yourself, with making a good living not being a problem at all. For 400 you're an A rank, strong enough to be a core member of an elite raid team and are highly priced for your skill and power. For 600 you're an S rank, the highest place in the current system. Although not on the national level, you are still capable of large-scale destruction and taking most dungeons on by yourself.

Incest Monarch 300

Although you aren't a fully fledged cosmic entity, you do possess a shard of power of one of the monarchs or rulers. It can be a canon one or a custom one made by you. It starts off weak, being able to turn one being of equal power to you into a shade, as a Shadow Monarch for example, and in general not boosting your rank by much, but it can eventually be trained to the level of the original, essentially allowing you to raise your rank like the Gamer would.

Hunter

This Is A Video Of An E Rank Hunter Being Assaulted By Goblins 100

All the time spent as the weakest hunter sure as hell taught you how to dodge, weave, and run away. You are generally more agile than normal and find it rather easy to use any of your abilities to become even more so.

Yes Daddy! 200

Acting dominantly comes naturally to you, with even offhand remarks or comments being able to make a lot of people squeak. This works better the hotter you look and the more aggressive you are.

Welcome To Rizz Leveling 400

You have access to a game-like system that works through romantic sexual encounters and allows you to upgrade all aspects of your dating life. From making you look hotter to increasing your dick size and voice appeal and so on. The main part is the ability to choose up to three routes at the same time that will mind-control people into liking you. Well, to a degree. If you are a generally ugly and horrendous person, that will probably not have much of an effect, but being even remotely decent will see great results. Once you complete a route, which there are a few ways to do, you can choose a new one.

It's The System! 600

Ah, the big thing. Yeah, so unlike the perk above, this actually allows you to become stronger and level up through killing monsters and clearing dungeons. You have a stat screen, unlimited inventory, and a cash shop. Eventually you'll get a class, and in general your system works like the one from the original Solo Leveling. It isn't connected to the Architect or Ashborn and cannot be affected by them.

Jumper Route

Actually Sexy 100

Well, you are definitely one sexy bitch, being quite a bit more beautiful than average and knowing how to act sensual without seeming too weird. You are also a master of innuendos, both good ones and intentionally bad ones.

Persistent Pestering 200

Your determination is unmatched and willpower eternal. You never give up on your goals unless you yourself decide they are no longer worth it. Your pestering of others is far more effective now, allowing you to convince them to do something they would usually not do through consistent annoyance.

A Normal Heroine 400

Oh my god, an adult woman who isn't related to the Sung family?! Can you go on a date with Jinwoo real quick? He really needs you! You see, you have the most rare and strange quality of being a good and normal person. Or at least being able to fool everyone into believing that,

even being able to fake your power level and appear completely harmless to the most perceptive of individuals.

Slave Of Jinwoo 600

The worst part about being chosen by the system to have a route is that the it mind-whammies you into liking Jinwoo whether you were attracted to him before or not. Well, not to worry, as now you are completely immune to any sort of mind manipulation or control, with your "masters" believing that they have succeeded in affecting you if you want them to.

Side Hoe

I'm Ready To Sit Back And Do Nothing While You Do All The Work! 100

Why do people actually hang out with you again? Oh right, because you are a real bro. You are generally a good friend, finding it easy to befriend even the most standoffish of people. Throwing around massive sums of money also doesn't hurt and actually makes people like you more.

That Could Mean Anything 200

It is like you are not even there. People just straight-up confess to extremely fucked-up shit right in front of you without expecting you to act on the information and then are completely flabbergasted when that catches up with them.

I'm Chairman Go Also Known As Him 400

Holy shit your aura! Why... why do I want to call you dad? Your rizz is unmatched; with it being so strong, you could easily make a person who isn't normally attracted to you blush and their heart skip a bit with a single comment.

I Should End You Right Meow! 600

You have combat experience befitting a veteran of decades of battles with any of your powers, skills, perks, and so on, be they old or new. You can easily predict any opponent you face as well as guess their power rather accurately. For some reason you can also turn into a furry with it boosting your physical stats in exchange for making you act more animalistically.

Monster

I See Dead Peaple 100

You have an intuitive understanding of who anyone is dating and is attracted to as well as being a generally good judge of character. Turns out that guy is in fact NOT sleeping with a minor. Who'd guessed?

How Old Is Your Girlfriend? 200

WOP, WOP, WOP, WOP, WOP, DOT, FUCK 'EM UP! Whenever you face an adult who's ever pulled a Diddy, you get a massive boost to all of your physical characteristics, but especially your speed, as well as becoming incredibly intimidating to them.

I Bet His Dick Stat Doesn't Outrank Me 400

Fuck you. Legitimately. Like what the fuck? You have a dick so massive it swings below your knees and can probably be classified as a third leg or a tail. Despite the size, it somehow pleasurable and painlessly stretches any hole it is inserted into, most likely making that person cum right then and there. Achieving a body count of over 9000 will not be hard with it. Somehow it can shrink to a more normal size to not interfere in other activities. Can instead affect some other appendage or hole you have, making it surprisingly pleasurable or giving you a cock if you didn't have one before.

Have You Ever Heard Of Blacked? 600

You have mastered the same type of magic as Kargalgan and on the same level as him, granting you great versatility in combat. You also find it extremely easy to use and convert any of your abilities, powers, perks, and so on for sexual purposes. You can also make surprisingly intimidating statements, even if your voice is rather squeaky.

Items

Items are Discounted to their respective origins, items worth 100 are free and the rest is 50% off. Anything can be imported into a fitting item (Weapon into a weapon, tool into a tool etc.). If lost or stolen you get them back in an hour. All items can be bought multiple times, with free items costing 50 after first purchase. You can combine compatible items like Personal Guild and It's Hard Being The Rich Son Of A Billionaire.

Hunter

Why Is It Always A Dagger? 100

Whenever you kill an enemy, there is a guaranteed drop in the form of a knife or a dagger based on said enemy's abilities. Will probably clutter you with all the weak and useless ones from weak mobs.

Elixir Of Life 200

A potion that can cure any sort of status effect and, unlike the original, even restore someone from the brink of death to full health. You get six bottles every jump.

Anti Defamation Protection 400

This is the best law firm in existence whose main purpose is protecting you and going after people you want them to destroy. Most people, organisations or even countrys, no matter the world you are in, will outright give up or try to run away rather than fight legal battles with them when they realise you are their client, because they are just that good and scary. They are completely loyal and have an infinite budget when it comes to handling your cases. Also, periodically send you nice sums of money from other work they do.

Little Fairy Dungeon 600

This dungeon is always hard for whatever group enters it despite any variances in strength between members. It will push everyone to surpass their limits and even allow training for things that could normally not be trained, like a hunter rising in rank.

Jumper Route

Generated Outfit 100

You have a set of clothes that can change shape to any other outfit at will. The change is instant, and no one notices anything strange about it.

This Is The Last Time We Get KFC 200

You can summon infinite amounts of KFC buckets. Anyone who shares them with you becomes far more susceptible to your flirting attempts.

Child Of The Demon Castle 400

You have an official, internationally recognized royal status that gives you some political freedom and immunity. You could strut around as a demon and not be attacked by hunters or even kill someone publicly and just be made to leave and never come back without suffering any other repercussions.

Fearsome Pussycat Guild 600

Your very own personal guild full of hunters of various levels of strength. There are at least a couple of S ranks, about a dozen A ranks, a few dozen B ranks, and many more C ranks. They are all really hot and rather loyal to you as long as you behave like a decent person and don't give them suicidal orders.

Side Hoe

Hey Chris Henson? Send In The Strike Squad! 100

You have the phone number of an extremely powerful S-rank hunter who also works for child protection services and is extremely passionate about hunting down child predators.

Rizz Evaluation System 200

An electronic device in the form of a sphere, several meters in diameter, that can detect someone's rizz levels and their previous sexual encounters as well as a general power level. Doesn't have any power ceilings.

It's Hard Being The Rich Son Of A Billionaire 400

Not only do you own a multimillion-dollar mansion, but you also receive a bit over ten million dollars each month completely tax-free with nobody asking where it came from. Somehow your friends are never jealous of this.

S-Tier Gear 600

Top-of-the-line full set of armor that doesn't interfere with your movement as well as a weapon of your choice. They grow in strength with you always being proportionally as good as well as being able to perfectly channel any of your powers, abilities, perks, and so on.

Monster

Theme Song 100

At any moment you can start to play a personal theme song that fits you perfectly and can be heard everywhere on your current battlefield or at about several hundred meters outside of combat.

Did He Just Pull Up On A Fucking Dragon? 200

You have a pet monster that is always about half as strong as you. Whenever you ride it and it is slain, you temporarily absorb its power for the duration of the fight. Respawns a day after death.

Simon Says 400

A giant stone statue of yourself that is about an order of magnitude more powerful than you and always stays that way. It has access to any and all of your powers, abilities, perks, and so on, and you can perfectly control it. Respawns a month after destruction.

Sacraficial Circle 600

Once every ten years or jump, whichever comes sooner, this stone circle can give a single person a random rank of Hunter perk as well as either the Incest Monarch or The System perk, with you getting to choose which one they get. You act as a sort of administrator for those perks, being able to set and lift restrictions as well as send them messages and quests with punishments waiting for them if they refuse.
