Generic Content Creator

V 1.5 By Apocbox

YouTube, Twitch, Twitter(X), TikTok and a variety of other sites that exist to share content on the internet. From cute cat videos to war footage, from drawing tutorials to political commentary, all sorts of content are put there, and you're going to participate. Maybe as a content creator yourself or just as a consumer. Or maybe you just need a jump to chill; that's fine too. This world is the exact replica of the mundane Earth for you to have some fun in.

You can arrive anywhere between the founding of YouTube on February 14th, 2005 and October 29th 2026

Take this 1000 points to spend here

Perks

No origins; you can enter as either a drop-in or an average middle-class person. You get 5 discounts per price tier. Higher tier discounts can be used on lower tiers. Discounted perks worth 100 are free and the rest is 50% off.

Subscriber Count - Free

You Instinctively know all the analytics of all of your internet accounts. You can turn it on and off at will.

Comedy Comes In Threes - 100

Being funny comes naturally to you, intentionally and unintentionally, dark and light, you name it. You can both come up with hilarious skit ideas for the future as well as improvise on the spot.

Reaction Face - 100

There is just something about the way you express yourself that is really interesting and captivating to watch. Even if content you're engaging with is mid, you have a way of making people stay, if only to see your reactions to it.

Creative Imagination - 100

Your mind overflows with creativity and ideas, and you have a knack for bringing them into reality. You never suffer from writer's block and can always find willpower to finish a project.

Reading Chat - 100

You can read things a few times faster both in your head and out loud, as well as have a talent to add funny voices to what you're reading and/or reframe the original meaning to suit what you want better.

Voice In The Void - 100

You have an incredible voice range, being able to go from a toddler to a fifty-year-old smoker in a moment, as well as being able to replicate other voices to a tee. You have incredible skill in voice acting, being able to fake any emotion in your voice and make what you say feel more in character. Your singing is also very beautiful when you intend it to.

How Are You That Fine?! - 100

You're a perfect 10/10 in looks, being able to make even people who wouldn't be normally attracted to you question their sexuality as well as having great control of your body and being able to make almost any action appear sexual.

Superior Articulation - 100

The way you speak is very clear, no matter how fast you're talking. You have a way of breaking down complex ideas into smaller, more understandable parts.

Two Steps Ahead - 100

You can eat any amount of food with zero digestive issues or health risks and can never gain weight unless you want to, letting you maintain any physique effortlessly.

One Eye On The Game One Eye On The Chat - 100

You have an easy time paying attention to about five different things simultaneously as well as you could to one and can stretch your attention to even more things, but your concentration will start to flag somewhat.

Edit This Shit Out - 100

You're skilled at editing in any form. Trimming down books, color grading movies, making your gameplay footage look cooler, turning anime into an abridged series, you name it. You could also do it far faster than possible, finishing a month of work in hours.

Video Essays - 100

You have mastered the lost art of media literacy and reading comprehension as well as generally having boosted attention to details and improved puzzle-solving skills. You can also share this understanding with others by explaining and analyzing things to them, be it in person or through a video.

Face Stuffer - 100
Is looking good while you eat a talent? Sure, it seems like for you. Not only do you look particularly interesting when you are chowing down food, but your stomach is capable of safely holding far more food and digesting it far quicker. You can also make your viewrs be able to taste what you are tasting.

Code Monkey - 200
Pick three programming languages. You are a professional at using them to do all kinds of shit, from websites to video games to plugins and mods for other programs and games to much, much more. Learning new languages is extremely easy, and the stuff you program is super efficient and compact, weighing ten times less than it should and requiring ten times less powerful hardware to run it.

Musical Prodigy - 200
Music comes naturally to you, with you being a great, talented musical artist and composer. You have incredible talent with all sorts of mystical instruments, as well as knowledge of how to play five of them already. You are also capable of using random everyday items as insturements to a stuggeringly good results and come up with catchy tunes on the. Finally, you also have talent for writing lyrics, be they deep and emotional or funny and hilarious.

Gamers Rise Up - 200
Your hands are extremely precise, and the speed of your fingers is top-notch. Your reaction time is instantaneous, and it is impossible for others to use tricks and feints on you as you see right through them. You learn to play all sorts of games ten times faster, and your gaming skills do not degrade.

Classics Of The Modern Age - 200
The best painter in the world is who you are. Not only do you have an extreme talent for all types of drawing, from all ways of analog drawing to digital painting, but your skills are superb. You can make a hyper realistic painting that will make most people who see it think it's a photograph as well as make extremely stylized and unique drawings.

Jumper Animations - 200
While you are no better at drawing than you were before, your talents with animation are phenomenal. It's no harder for you to make something in 60, 120,

or even more fps than in a more standard 24, with it requiring the same amount of effort and time.

Sell Without Selling - 200

Brands flock to you naturally, eager to sponsor your content without you needing to push or change your style. As long as your content isn t excessively extreme, sponsors will stick around no matter what you make.

Political Streamer - 200

You have complete self-updating knowledge of all the local and international publicly known news stories from all sides of the political spectrum. You're also a great debater and commentator, being able to more easily make people buy into whatever you want. You can turn the information-gathering part off at any moment if you wish for peace and quiet.

ASMRtist - 200

You know everything there is to know about Autonomous Sensory Meridian Response. Your voice is very soothing and pleasant, being able to perfectly translate through even the worst of microphones to make it appear as though you are right next to the listener. You can even induce tingles in people who usually do not feel them, with no one ever building up tolerance to the ASMR you produce.

Coomerbaiting - 200

You're a master of utilitizing your looks, voice, body movement, and everything else about yourself to make people like you more. Even the most uninterested or hostile of people will have their neurons activated by your moan and stretch.

L+Ratio - 200

Coming up with witty, snarky responses is easy as breathing to you. You have great skill at bantering and can turn any joke or insult thrown your way back. Spectators also usually take your side in any arguments you have with someone. Laugh at that carefully and intricately written tweet as you respond with a crying baby image and get 10 times as many likes as them.

Honest Sincerity - 200

There's just something truthful about you, like you aren't performing and are just being yourself. People generally get the feeling that you're down-to-earth and can easily fit with any group, becoming "one of the boys" in record time. Whenever you say the truth people will without a shadow of a doubt believe you, as long as you want them to.

Clip Farming - 200
You've got a talent for spotting opportunities for interesting moments that will become popular. You can easily produce long-lasting, globally known memes. You also have a talent for acting clueless and inducing rage, with people being angry at you continuing to watch you instead of leaving.

Alchocholic Tutel - 400
You find it both easy to make and break AI's. Even if you possess zero programming skills, you'll find it quite easy to make advanced LLMs, and corrupting and dismantling such creations of others is also pretty easy. The more generally good of a programmer you are, the more effective this perk becomes, to the point that if you also have Code Monkey, you'll be able to make something frighteningly resembling real human intelligence.

Hype Starter - 400
You both have increased luck in finding niche things that have the potential to explode in popularity with just a bit of exposure as well as the talent to make anyone become interested in anything, even if they previously hated those things. Pick up a random game with less than a hundred reviews on Steam, stream it a couple of times with your friends, and next thing you know, like half the world is playing it.

Consistent Uploads - 400
Making, crafting, producing, and other forms of creation on your part are done about ten times faster than you could do them before. From drawing to coding to editing videos, anything and everything is done faster without a drop in quality.

Pure Peak - 400
Everything you make is always at least as good as your best work in that field as well as being at least as popular as well. Every video you make is at least as good as your greatest one and receives as many views, if not more, and every painting you draw is at minimum as good as your other masterpieces and so on.

This Video Taught Me More Than My Entire Highschool Did - 400
As long as you can do some action or understand some knowledge, you can teach it to others, even things they could not physically do. Things you teach do

not disappear from the memory of your students, nor do skills they learned from you wither from disuse. Your students learn things ten times faster from you, and finally, this perk as well as other teaching perks you have work through media like books or videos as if you were there in person giving a personalized lessons and correcting mistakes.

Fuck-Your-Right - 400

You are unaffected by copyright and other legal boundaries preventing you from using and profiting from works of others. Go reupload that recently released movie on YouTube for everyone to see or make and sell a port of a Nintendo game for PC on Steam and get into exactly zero legal trouble for it, with it not getting taken down or being blocked in any way.

Competitive Gamer - 400

It's like you have a reverse version of stage fright. The more people are watching you and the more opponents you have, the better you perform, with both your abilities and skills rising in power. The boost is only temporary and lasts until you either win or lose.

Keep Up The Mischief - 400

Maybe you are a clipper; maybe you want to stay on top of your competition or just want to unwind. As long as you're not being observed, all the video watching, movie viewing, music listening, art scrolling, and other such content-consuming activities are done hundreds of times faster than they should be.

Subathon Stamina - 400

Your stamina is greatly increased, and you require less sleep, to the point that sleeping for a couple hours a week is enough to keep you physically and mentally fresh.

Loyal Fans - 400

Every few years content creation meta shifts, so to speak, and those that fail to adapt often find themselves fading into irrelevance. Not you; not only are you always on top of popular trends, but your fanbase is extremely loyal. If they ever liked you and you haven't done anything that would have greatly angered or saddened them, they could watch you do the same type of content forever while also being welcoming of you experimenting with your content.

Rules For Thee Not For Mee - 400

You are immune from both being banned, kicked, or muted from anywhere and anything, be it of the direct or shadow kind. Film and upload to YouTube a

video of you saying the most heinous slurs to grade schoolers, and it will not only not get banned but reach the #1 trending for the sheer absurdity of its existence.

I Challenge You To a Debate! - 400

Not only are you actually good at debating, but no one can actually refuse you when you challenge them to one. They will participate in a debate with you and are guaranteed to not walk away unless you allow them, allowing you to tear into them until you're finished.

Items

You have additional 300 points to spend here exclusively.You get 3 discounts per price tier, with 100 discounted items being free. Anything can beimported into a fitting item (Weapon into a weapon, tool into a tool etc.). If lost or stolenyou get them back in an hour. All items can be bought multiple times. You can combinecompatible items like Basic PC and Uber Specs.

Identity - Free

You have a legal identity in this and future worlds with all the necessary documents. Even if you're a drop in.

Basic Specs - Free

You have a moderately powerful PC setup with a regular monitor, keyboard, mouse, headphones with inbuilt mic and an average phone appropriate to your era. Neither requires energy to use but are otherwise normal.

Signature Piece - 100

Some sort of unique thing many people will come to associate with you. Perhaps a pair of ear-clip headphones you use to not mess up your hair or the same t-shirt you keep wearing day after day. Whichever the case, it becomes quite closely tied to you.

Name And Avatar - 100

Isn't it disheartening to learn that your favorite username was already taken? Well, not only is it not a problem since on every website you can always choose the name you want, but you also always have access to a collection of perfect profile pics.

Thumbnail Generator - 100

This program is capable of generating a perfect thumbnail you want, be it an outrageously clickbaity one, an accurate one, or even some sort of beautiful art.

Royalty Free Music - 100

You have a collection of royalty- and copyright-free good, pleasant music and ambiences for all types of content.

Camera And Mic - 100

A small baseball-sized camera with a built-in mic so good it might even be better than a human eye in both resolution and framerate, and all videos recorded by it can be viewed at maximum resolution and FPS no matter the viewer's specs or speed of internet connection or the quality of sound it records is sublime.

Computer Stuff - 100

Computer Paraphernalia. This is the best set of a monitor, keyboard, mouse, headphones, and mousepad for you. They are extremely responsive, never break, and are always clean.

Best Friend - 200

Some sort of pet that could be pretty much any animal, from some mutt you picked off the curb to some exotic bird to a whole-ass tiger. It is quite intelligent, understanding even complex commands, and likes you quite a lot. Any content of yours featuring it will get a bit more views and attention than it would have otherwise, even if all it's doing is just sleeping in the background.

Creator House - 200

A giant mansion and a set of follower maids who clean and maintain it as well as cook you food and take care of all your other chores. It comes with a couple of acres of surrounding land, a wall surrounding it with cameras, and a security booth where a tireless security guard follower checks so that no one gets on the property.

Personal Org - 200

A group of influencers sharing your goals and views. They're guaranteed to be at least a quarter as popular as you are and are generally people who you would like hanging out with. There's never any internal drama or conflicts, as everyone is a good friend.

Business - 200

A rather large business providing you with about a million dollars each year. You're a solo owner of it, and it will continue to be successful and slowly grow even without your supervision. Can choose what it is.

Recording Studio - 200

A perfect audio recording studio for music, voice acting, and so on as well as a warehouse that works like a holodeck with nobody questioning how advanced it is.

The Good Stuff - 200

An infinite supply of any and all kinds of alcohol, weed, shrooms, and other recreational and prescription drugs.

Popularity Engine - 400

A nifty program that constantly scores the whole internet at ridiculous speeds, constantly researching trends and figuring out how different sites' content algorithms work. By feeding any piece of content, it will come up with the best title for it and which platform it would be best posted on, as well as which time of day, all to maximize the number of people who would see it.

Personal Website - 400

Video hosting and streaming website with your own rules. It has infinite server space, an extremely user-friendly design, a perfect search engine, and is accessible from every country, with not a single government being willing to ban it. It doesn't drain any money from you, nor does it make any, but it is self-sufficient. No matter the content posted here, sponsors still flock to it, and you can freely set how much money from the ads the creator gets.

Law Firm - 400

A loyal and extremely competent legal firm employing every kind of lawyer there is, with all of them being in the top 1% in their respective fields. They have infinite money, specifically and only to fight any of your or your friends' legal battles and otherwise produce a nice
amount of cash from their other work.

Music Label - 400

A giant successful music label that is seen as pretty much the best option for all types of musicians. You can freely decide how exploitative it is and alter it on a case-to-case basis. Has a large sway over the entertainment industry and even over quite a few politicians.

Gamba - 400
A lottery ticket that is guaranteed to be a winning one. However, how much money you receive from it is random, anywhere between 100k to 100 million dollars. You get a new one a year after use.

Uber Specs - 400
A beast of a PC that has infinite processing power and storage capabilities. It has a universal OS capable of running any program as well as perfect antivirus, adblock, and VPN apps. It has all the games from all the previous worlds you've visited, this one, and will update in future ones.

Companions
Companions can't take drawbacks.

Original/Import - 50 for 1, 200 for 8
Make someone original in this world or import a previous companion. They get an origin, freebies and the discounts along with 1000 to spend as they please.

Canon - 100
Take any individual as long as you can convince them to go.

Drawbacks
Drawbacks trump the perks and items from this jump and the previous ones. They last for your entire stay here but disappear when you finish the jump. Take as many as you can handle

Supplement Mode + Free
You can use this jump as a supplement to any jump that has internet or an analogue, with points being kept separate.

Extended Stay + 100 per
Stay for 10 more years. Can be taken as many times as you want but you only get points for the first 4 purchases.

Annoying Comments + 100
Comments under all of your content are full of annoying messages, dumb overused jokes, and old copypastas.

Constant Adds + 100
Any video you make has at least one ad, and if the video is longer than a few minutes, an ad will be set about every 3.5 minutes.

Unintentional Ragebaiter + 100
You unintentionally say stupid shit, act clueless, and generally do all in your power to make the content consumers hate you.

One Language only + 100
You forget how to speak more than a single language and cannot learn more.

No Swearing + 100
You only do PG-13-related content and are unable to swear or do anything obscene.

Slurred Speech + 100/200
You have a thick accent, making you somewhat harder to understand for those that also do not have such an accent. For an additional 100 even people who have a similar accent to you have trouble understanding you; think xQc at his worst.

If You re A Broke Boy Just Say So + 200
You've lost touch with the average Joe, not understanding their struggles and complaints and constantly sounding like an entitled rich brat.

Chat Is This True? + 200
You have a bad attention span and are rather gullible, believing random things you see or hear on the internet.

Controversies + 200
People constantly accuse you of a bunch of untrue shit. From something completely out of pocket and obvious lies to carefully constructed smear campaigns.

Roach King + 200
Your home and room are full of trash and insects, and you don't much care. A rat might die in your walls, and you will just use it as an alarm clock, knowing that if it starts to smell, then the sun came out.

Malding + 200

You have beautiful hair befitting models. Not for long though since you now have anger issues, and getting mad makes you lose hair.

Content Theft + 200

People constantly steal and reupload your content, and any time you come up with a new, interesting, popular idea, it immediately gets plagiarized by copycats.

Shock Shock Shock + 200

You know that cute pets attract viewers and have zero empathy towards animals. Forcing your dog to sit in a camera's field of view and being cute and shocking it when it tries to leave is definitely something you would do.

Weezo + 200

You have the mentality, sense of humor, intellect, and wisdom of a 10-year-old child, and no matter how much time passes and how much you grow and learn it will stay the same. Stupidhead.

Get No Bitches + 200

You may be the most flirty, rizzed-up mega chad through the screen, but the moment you see someone you're attracted to IRL, you turn into a blushing, stuttering virgin.

Stack No Paper + 300

You cannot make any money through the content creation process, not through ads, donations, selling merch, or any other way. Better find another method of income.

Most Terrifying Simps Award + 300

Your fans love you; no, they're obsessed with you. They're delusional and will constantly harass, dox, and swat those they perceive as your enemy and run your reputation into the ground as you can't do anything to stop them.

Slurs Soup + 300

You have no filter and can't go five words without saying a slur. You might avoid saying the more problematic ones for a bit, but they will eventually slip through.

Wtf No. *Dies of Cringe* + 300

You have an insufferable attitude and love to "debate" people, even your friends. And by that I mean completely ignore what they say, spam memes at them, act weird, and just be plain annoying.

False Strikes + 300
It seems all the different sites take a man as guilty until proven innocent with you. Any DMCA takedown and copyright takedown requests are complied with automatically, and you need to prove that they were in fact fraudulent to get your content back. Those who sent those fake requests never received any punishment.

The Final Choice
First of all any mental, psychological, physical or supernatural traumas that you acquiredhere or anywhere else are gone. If you want them gone that is. Take this collection of logoplushies of all the platforms you made content on for free.
