

Not Another Teen Movie

Version 1.1 by SpazzWave

You wake up in the morning to your alarm that is too perfectly timed with the opening guitar riff of a 90's pop song. Why? Because the universe thinks you need a soundtrack to start your day. You groan, hitting the snooze button, but it doesn't work because of course, this is the beginning of your Jump as a freshman until you graduate in a parody teen movie. You will be studying at John Hughes High which is, for all purposes, the center of the universe. So wake up, put a smile on your face, and take these 1000 CP for your stay here.

Origins

Any origin can be taken as a drop-in. You can freely choose your sex, gender and age as long as you are a teen.

Jock

You're the popular athlete, likely the quarterback or captain, with a chiseled jaw, a charming smile and a letterman jacket. You're at the top of the social ladder, worshipped by everyone and your life is always full of pep rallies, parties and absurd bets. Sometimes you are pressured by overbearing coaches and pushy parents, but who cares about that?

Nerd

You're the outcast with a heart of gold and probably sporting paint splattered overalls and a ponytail or a pair of thick glasses. You're at the complete bottom of the social ladder and mocked or flat out ignored by the popular crowd, but you got that hidden quality, that *je ne sais quoi* that could make you great at school. You're the quintessential underdog.

Cheerleader

You're the undisputed queen bee (or king) of the school, ruling the social hierarchy with your beauty and your wits. You command the school's spotlight, whether leading the cheerleader squad or stirring gossip and the cafeteria might as well be your throne room. All the cliques revolve around you and the pecking order exists because you said so.

General Perks

[Soundtrack] Free

Your life has a perfect pop, punk or teen soundtrack that plays at just the right moments. Can be toggled off.

[Health Conventions] Free

Relax, Jumper. During your stay here no matter how many times you trip down the stairs, take a football to the face, or get shoved into a locker, you'll walk it off without a scratch. Death and serious accidents just don't exist here. Even if you're cut in half, it will be fixed with a goofy bandage. This only applies to this jump.

[Drama-Free] Free

Why have serious or messy relationships? You're in a parody movie, so have fun! Breakups are quick, hookups are easy and your relationships will be casual, fun and filled with drama in the exactly right way. Nobody will take things too seriously or storm off crying. They will shrug, crack a joke and jump to the next movie cliché. This can be toggled off if you want to.

[Plain Jane] Free

Wait a second, what do you mean the quiet girl who wears overalls is actually gorgeous? You can now hide your beauty by changing your appearance. Throw some glasses, some painted overalls, maybe mess your hair and you will be able to hide your beauty and look like any other socially invisible person.

[Just Another Comedy Cut] Free, 200 CP to keep

During your stay here there will be no consequences to your absurd actions as long as they don't hurt another person. Spied on the female showers from the vents? Boys being boys. You just broke the roof and drenched the entire class in feces? Things like these happen all the time.

[Artist] 100 CP

Turns out you're not just another high schooler, you are one of the most talented people alive. Choose a creative endeavor such as painting. Not only will you have extreme potential in it, your expressions of it will always come out impressive, emotional and heartfelt. Your sketches will not look like doodles with this.

[Location Convention] 100 CP

Somehow, distance bends itself to your needs. Looking for the football field? Turn the corner and you'll stumble right into it. Need to find the cafeteria? The hallways practically guide your feet. Whether it's slipping into the right classroom, happening upon the party everyone's at or entering the vent to the girl's locker room, the environment arranges itself so you are never lost and end up exactly where you need to be.

[Dramatic Timing] 200 CP

Every movie has the right where the music swells, the lights are just right and the world pauses, waiting for someone to seize the right moment. Maybe with a slow clap, maybe with a heartfelt confession. And that someone is you. You will intuitively sense when to step forward, when to speak and when to act. You will know the right words and the right actions to achieve the most dramatic impact in someone's life.

[Movie Montage] 200 CP

Why slog through hours of studying, training, or cleaning? You live in a world of montages. Any task that could be done in a day, such as studying for the finals, training your body, learning an instrument or even cleaning the school gym, can be completed in just a few minutes of effort. Background music kicks in, the boring parts are skipped and when you are done the results are as if you have worked for it full time. Your body will still be spent with this.

[Thundercock] 400 CP

People can't help but notice you, and you can charm anyone into a dance, a kiss or a dramatic confession. Classmates hang on your every word and even teachers give you the benefit of the doubt. You are the center of the story and of every heart in the room.

[Accidental Adonis] 200 CP

All those nerdy quirks of yours, such as tripping, stuttering or being horrible at fashion, are actually endearing now, making others see you as a diamond in the rough. Awkward moments like spilling juice on the girl you are attracted to just turn the situation into a romantic opportunity. And you will always come off as charmingly innocent. You can toggle this luck off.

[Walking Cliche] +100 CP

No matter what you do, you are permanently trapped in a stereotype according to your origin.
