Introduction:

Welcome, Jumper, to a world not so different from our own.

In fact, this world is almost identical—practically indistinguishable at a glance. The sky is blue, the trains run on time (mostly), and yes, people still awkwardly avoid eye contact in elevators. But despite these surface similarities, this world offers you something more precious, more tender, and more emotionally charged than any mere mirror reality could ever promise.

Your journey begins within the graceful walls of Saint Michael Girls' School, affectionately known as St. Michael's. This is a prestigious Catholic academy nestled in Japan, where wealthy and well-mannered young ladies receive a refined education from the earliest days of kindergarten all the way through university. Yes, it's what one might call an escalator school—once you enter, you're riding that polished, ribbon-laced escalator straight to graduation.

But that's not why you came here, is it?

Oh no, Jumper. You didn't step into this world just to study Latin or sip overpriced tea during etiquette class. You came here to witness something far more captivating—the blossoming romance between girls. The sweet, tentative brush of fingertips. The stolen glances between desks. The quiet pining beneath cherry blossoms in full bloom. Whether you're a participant in this tender dance of hearts or merely an observer watching from the shadows with a wistful sigh, you are here for one thing:

The bittersweet elegance of youthful yuri love.

So breathe in the perfume of adolescent yearning, prepare your heart for the highs and lows of delicate emotion, and embrace the gentle heartbeat of girl-meets-girl romance.

And with that, take this 1,000 CP as your starting point. This is your jumpstart into the world of St. Michael's, where every day is a chance to fall in love... or just get completely flustered in the library.

Starting Location:

Your journey will always begin in the quiet, picturesque town that surrounds Saint Michael Girls' School—a serene little place nestled between gentle hills and bordered by the sea. The town is known for its charming, European-style architecture, cobblestone streets, and the ever-present scent of blooming flowers in the air.

Origins:

Here, you'll decide the foundation of your identity in this world. Choose your background, your role, and if you wish to be a lover, what position you might take in a romantic pair. You may change your gender to female for free. However, changing to male will cost 100 CP. You'll also choose your age, anywhere from 16 to 34 years old. Your age will determine whether you're a student, a teacher, or even a working adult connected to the school in some way.

Background

Choose one.

1. Rich Ojousama

You are one of the esteemed students or staff at Saint Michael Girls' School, born into a lineage of old money and polished manners. Adored by peers and protected by generations of wealth, you've lived a life of luxury, tea parties, and grand pianos in sunlit parlors. You're the very image of refinement—and maybe just a little sheltered.

2. Commoner

You're part of the other 99%—a tulip in a garden full of elegant roses. Your family may not be rich, but they're filled with love and laughter. You attend Saint Michael's on scholarship or as a working member of staff, and your down-to-earth charm makes you stand out. After all, isn't there something heart-fluttering about a romance that bridges two worlds?

Role

Choose one.

1. Top

As a Top, you take the lead in love. You're the one who pursues, protects, and occasionally pins your beloved against a sakura tree for dramatic effect. In relationships—and yes, in the bedroom too—you're the dominant partner.

2. Bottom

As a Bottom, your role is to receive love with grace, sweetness, and maybe a few adorable gasps. You're the more submissive partner, the one who listens to your top's whispers and welcomes their affections. But don't be fooled—this doesn't mean you're weak! You're the heart-throb, the secret weapon of charm, and the keeper of vulnerability that drives your top wild.

Perks:

Perks of the same origin are discounted and 100Cp discounted perks are free.

General:

Yuri Beauty [Free]

Thanks to the unique nature of this world, you now possess an alluring charm and appearance rated at a solid 8 out of 10 in sheer beauty. Soft skin, sparkly eyes, and the kind of hair that flows dramatically in the wind—you're the kind of girl who turns heads in the hallway. After all, how can you properly engage in the art of girl's love if you're not at least a little bit irresistible?

To Find Your Love [Free]

Isn't fate just the sweetest little matchmaker? Once a year, if you are currently single, you will find yourself crossing paths with someone who matches your romantic tastes. A fleeting meeting in the rain? A clumsy collision in the library? It's all fair game. This person may or may not become your lover—but the potential is always there. Destiny wants you to find love, after all.

Male Absence [Free / 100 CP]

While men technically do exist in this world, they are charmingly uninvolved in matters of the heart—or at least, the yuri kind. They are not romantic rivals, not nosy obstacles, and certainly not potential love interests. They exist, they live, they do taxes... but they do not interfere. You can take this peaceful absence of male romantic interference with you to other worlds for 100 CP if you wish to keep the girl-only atmosphere going strong.

No Disturbances [Free/ 100 CP]

There's something strange and magical about the moments you share with your lover. When things start to get... intense (emotionally, romantically, or even a bit spicy), the world itself seems to understand and steps aside. So long as you begin your romantic moments in a secluded location, no one will come knocking, calling, or barging in at the worst possible time. This moment is yours alone. This effect is free while you're in this jump, but costs 100 CP to take to future worlds.

Devoted Catholic [100 CP]

You are now a practicing and devout Catholic, just like many of the girls at Saint Michael's. You attend mass, wear your rosary with pride, and know all the sacred hymns by heart. And yet, your love for another girl doesn't conflict with your faith—it only deepens the mystery and beauty of it. This perk grants you knowledge of religious customs, grace under pressure, and the ability to navigate moral dilemmas with poise and quiet strength. Also gives a +2 to dramatic hallway confessions under stained-glass windows.

Rich Ojousama

Etiquette of the Upper [100 CP]

From the moment you could toddle in tiny designer shoes, you were trained in the graceful art of proper etiquette. You know how to walk, talk, sip tea, curtsy, and deflect unwanted conversation—all with the practiced ease of a high-society lady. You impress teachers, parents, and even the most uptight nuns with your polished manners. A perfect match for refined yuri drama.

Beautiful Entrance [100 CP]

Whenever you introduce yourself to someone for the first time, you're accompanied by a soft, magical flourish: a breeze, a sparkle, or even a glowing image of a flower of your choice blooming at your side. Roses, lilies, sakura—whatever fits your aesthetic. It's dramatic, charming, and utterly unforgettable. First impressions? You're basically an anime opening scene.

Talent in the Arts [200 CP]

Choose one classical art often associated with the upper class—ballet, calligraphy, piano, traditional dance, flower arrangement, etc. You are now a national-level prodigy in that field, capable of breathtaking performances or exhibits. Your talent becomes another way to express your emotions, seduce your love interest, or leave rivals flustered in awe.

The Responsibility [200 CP]

You are seen as the dependable one in your circle, and not just by reputation—it's true. Whether it's organizing a school event, helping a friend in trouble, or managing a crisis with grace, you always pull through. People trust you. Teachers rely on you. And cute girls? Well, they blush around you. There's just something irresistible about a responsible girl with a soft side.

Rule Breaker [400 CP]

Sometimes, to follow your heart, you have to break a few rules~ You have a unique gift: once a month, you can bend school or social rules without consequences, so long as it's not illegal and it's done in pursuit of love. Sneak into the dorms? Organize a secret rendezvous? Pull strings to get that adorable kouhai into your club? Go right ahead. Your reputation and charm will keep you safe... mostly.

Top Beauty [400 CP]

It turns out your family lineage includes noble or aristocratic European blood—choose any Western heritage you like. You are now a rare, exotic beauty with features that blend the East and West in perfect harmony. Your looks are hard to ignore, your allure is magnetic, and romance seems to bloom in your presence. In future worlds, your bloodline will always be among the elite, granting you social advantage and influence from the start.

Heir to the Jumper Family [600 CP]

You are no mere rich girl—you're the heir to an ultra-elite global conglomerate, the kind that practically owns half the stock market. With nearly unlimited wealth, you've had the best tutors, training, and education possible. You're a natural leader, a cunning negotiator, and a marketing genius. Whether it's building friendships, closing business deals, or seducing girls with luxury, you're a total powerhouse.

And it gets better: in future worlds, you'll often find yourself as the heir to whatever elite group exists there—like the Celestial Dragons in One Piece, the Four Great Clans in Bleach, or the head of a noble house in a fantasy kingdom. You're not just rich—you're a legend in the making.

Commoner

Common Sense [100 CP]

Unlike some of the more... sheltered ojou-sama, you've grown up with real-world common sense. You understand money, social cues, and how the world actually works. You're less likely to get scammed by a vending machine or panic over a bug. This makes you surprisingly dependable—and kinda cool.

Book Smarts [100 CP]

To even step foot in Saint Michael Girls' School as a commoner, you had to be brilliant. You are naturally intelligent, academically gifted, and have a mind that teachers love and rivals secretly envy. You may not be rich, but you sure can ace that literature exam like a boss.

Fit Body [200 CP]

Growing up without maids to carry your bags and chauffeurs to open your doors gave you a sturdy, athletic body. You build muscle easily and have a natural aptitude for sports. Climbing stairs? Easy. Running across campus to confess your feelings before the last train? Super easy. Doing it all while carrying your blushing senpai bridal-style? Extremely easy.

Not Discriminated [200 CP]

Despite what the rumors say, the girls of Saint Michael's aren't all snobs. In fact, many admire sincerity and humility. You, dear commoner, are under a mysterious aura of protection. No one will look down on you for your background—on the contrary, they find it charming. You're treated as an equal, no matter who you're talking to.

Teacher [400 CP]

If you've chosen an appropriate age, congratulations: you are a teacher at Saint Michael's! You have a natural gift for teaching and explaining things clearly, especially subjects you excel in. Whether it's math, music, or gym class, your students respect you (and some might have little crushes on you... just saying~). Outside the school, you're also good at tutoring and mentoring others.

Tough as Nails [400 CP]

You don't just look fit—you're built differently. You can take hits to the stomach from baseballs, catch falling girls from staircases, and shrug off what would leave most people winded. Future worlds will recognize you as one of the physically toughest members of your race or species. Bruised pride? Maybe. Bruised ribs? Never.

To Be a Tulip [600 CP]

Sometimes, being seen is a risk—for you and your lover. Whether you're sneaking into her dorm at night or hiding your love from disapproving eyes, this perk is for you. At will, you can become invisible to the consciousness of others, slipping out of sight like a shadow in the moonlight. The only one who can still see you is your lover. Whether for stealth kisses or secret getaways, your love blooms in hidden corners.

Top

The Cool Aura [100 CP]

You exude an effortless aura of coolness—every glance, every stride, every flip of your school-issued blazer says "I'm That Girl." Your fashion sense is impeccable, even in uniform, and your charisma makes girls blush just by walking past. You don't try to be cool. You just are. Like a limited-edition manga that's always sold out.

The Art of Flirting and Teasing [100 CP]

Playful smirks, flirty remarks, just the right amount of closeness—this is your specialty. You've mastered the fine art of teasing without crossing the line, knowing exactly what to say to make a girl's heart skip a beat (or ten). Your presence turns a hallway chat into a heated shoujo scene. Expect blushing, stammering, and swooning wherever you go.

Strategic Leading [200 CP]

You're not just aggressive—you're smart about it. You've learned that in romance, sometimes a strategic retreat makes for a more explosive advance later. On dates, you know when to hold back and let the moment simmer. In private, you know exactly when to strike to leave your partner breathless and completely satisfied. A tactician of passion, truly.

The Rock [200 CP]

You're the emotional anchor of your relationship. Calm, composed, and steady even when your partner is blushing, panicking, or emotionally overwhelmed. Your maturity, stability, and natural leadership give your relationships a strong foundation. You're the one your partner can cry to, vent to, or cling to—because they know you'll always have their back. Total dependable girlfriend energy.

Master of the Bed [400 CP]

You're not just good in bed. You're a prodigy. The moment things turn intimate, your instincts kick in like magic—you instantly understand what pleases your partner and how to keep things passionate, playful, and ever-evolving. No routines, no dull nights, just fireworks and whispered gasps.

Always There For You [400 CP]

You have a supernatural sixth sense when your partner is in danger or distress. You feel it in your soul like a string being tugged, and an internal GPS activates to guide you there—fast and efficiently. Whether it's a fall down the stairs or an emotional breakdown in a hidden garden, you'll always arrive just in time to catch them, hold them, and save the day. Like the ultimate knight in shining blaze

Bottom

Super Adorable [100 CP]

Every blink, every flustered fidget, every shy glance makes people's hearts explode. Your natural mannerisms—whether you're brushing your bangs away or hugging your bag close—radiate cuteness so powerful that others feel the uncontrollable urge to protect you, spoil you, and maybe squeal out loud. You're a living "moe blob," and it's working perfectly for you.

Confession Bomb [100 CP]

Your confessions are basically emotional nukes. When you finally muster up the courage to say "I like you," it hits your target like a thunderbolt of adorableness. Their brain short-circuits, their heart does cartwheels, and they are instantly affected. It's impossible to forget a moment like that—like watching a baby deer confess its love. Fatal levels of cute.

Saying No [200 CP]

Just because you're the bottom doesn't mean you're always down bad! When you say "no," you mean it—and your partner respects it. Whether you're not in the mood, the timing feels off, or you just want to snuggle instead of steam up the sheets, your boundaries are absolute. You have a velvet voice, but your "no" lands like a queen's decree. You've got self-respect and cuteness. Iconic.

Arousing Reaction [200 CP]

In moments of intimacy, your reactions are like a gourmet delicacy: soft, subtle, but impossibly tantalizing. A sharp breath, a delicate moan, a trembling hand—your partner can't get enough. You make them feel like the luckiest person alive. The way you react? It's not just hot. It's sacred.

Clean Climax [400 CP]

Let's just say... bottoming can get messy, right? But not for you. When things reach their peak, your body takes care of everything like a well-oiled (and squeaky clean) love machine. No stained sheets, no awkward cleanup. Everything stays tidy, clothes unsoiled, and your partner will marvel at your... uh, neatness. Because nothing ruins aftercare cuddles like a panicked search for tissues.

The Perfect Bride [400 CP]

You're the sweetheart who makes your lover want to immediately say, "Let's get married." Cooking? You make comfort food that soothes the soul. Cleaning? Your dorm is sparkling and always smells faintly of flowers. Affection? You're gentle, warm, and attentive. You've got "wife material" tattooed on your aura. You're the soft, supportive presence that makes your partner dream of cozy domestic life—matching aprons and all

The Rose Fortune [400CP]

Your family's finances are insane. Like, “I just bought a museum to impress my crush” levels of insane. This gives you ridiculous spending power both here and in future worlds. Want to charter a jet to Paris for a first date? You can. Also comes with an elite team of accountants who whisper “tax write-off” like a love song.

Commoner

Sturdy School Bag [100CP]

Your bag may not be the fanciest, but it *never breaks down*, even if you cram it full of textbooks, snacks, and your entire romantic novel collection. Hidden compartments include one for secrets (notes? diary?), and another just for emergency onigiri. Yes, onigiri. Don't judge.

Community Bicycle [100CP]

A dependable old bike with a basket and a slightly squeaky bell. It's not glamorous, but it's fast, and it's *very* good for dramatic confessions while riding alongside someone on the sidewalk. Also comes with a removable seat cushion. Because... ow.

Companions:

My Old Team 50

You may import companions you have brought with you, or create them for 50 CP each, or 8 for 300CP. Each one gains a free background. and 600 CP to spend. They may not take drawbacks, but you may give them CP, spending 100 each time to give them each an additional 200.

My New Team 100

Sometimes having friends would be nice. Buying this once will allow you to add one allies you've made here as companions. You may buy this multiple times.

Drawbacks:

You are limited to +600 Cp from drawbacks.

Supplement [+0]:

Not exactly the most in-depth of places, so you can use this jump as a supplement for other jumps. The CP here can only be used in this jump, and vice versa; this includes extra CP from drawbacks.

Rule 63 [+0]:

Well then... looks like we are entering a world where instead of focusing on the Yuri but instead the Yaoi. If you want to see bishonen gay couples, be my guest.

Stripped A lot [+100CP]:

It seems like you'll find yourself getting stripped quite often, either due to your antics or perhaps because the universe has a peculiar sense of humor. To make matters more interesting (or embarrassing), you'll now exclusively wear the most flamboyant and outrageous underwear available. This ensures that whenever you do get stripped, your fashion choices—or lack thereof—are on full display for everyone to see.

Bad Sense of Direction [+100 CP]:

You have a legendarily terrible sense of direction—like, "how did you end up on the roof when you were trying to find the gym?" level bad. You constantly get lost, take wrong turns, and show up fashionably (or frustratingly) late to classes, dates, and even club meetings.

Power Dynamic [+100]:

During this jump, you will not feel satisfied with any relationship where you are the top or bottom partner. You will expect your partner to maintain positions of power both over you. And it will be hard on her to do it.

Does I Look Fat? [+100]:

You think you're fat... or rather, you're convinced your fat... and it bothers you. Enough that you're constantly asking others for their opinion, then doubting their words or questioning their motives.

Airhead [+200 CP]

You're a natural daydreamer, often spacing out during conversations or missing obvious social cues. While you're usually sweet and harmless, people may underestimate you or assume you're not taking things seriously. This makes relationships a bit trickier, as you may not always notice someone's feelings—or even realize you've hurt them unintentionally.

Annoying Tsundere [+200 CP]

Your emotions are a mess. Whenever you try to express affection, it comes out twisted with sarcasm, shouting, or accidental cruelty. Even when you want to be honest and loving, your pride or flustered nature gets in the way. This causes tension and misunderstandings with others, especially those closest to you.

.

Rampant Discrimination [+200 CP]

For some reason—whether it's your background, your origins, or even your demeanor—you're seen as "less than" by many in Saint Michael's social circles. You're talked down to, excluded from events, and sometimes outright insulted. While not violent, this ongoing prejudice affects your self-esteem, your relationships, and your ability to feel truly accepted.

Flat Broke and Busted [+300 CP]

You've lost access to all stable sources of income. Family money? Gone. Perks that provide wealth or profitable skills? Sealed. The only way you can support yourself now is through a job you find degrading—whether emotionally, morally, or physically. Maybe it's late-night janitorial work at a place where no one respects you, or a shady part-time gig that makes you question your dignity. You can't sell anything of value you own either; everything you'd normally part with for cash now holds intense sentimental value.

Relationship Dependent [+300 CP]

Being alone isn't just unpleasant—it's unbearable. Without someone to love and be loved by, your thoughts spiral, your mood tanks, and your sense of self begins to fray. You may still function in your day-to-day life, but your spark fades. You'll crave emotional closeness constantly, and the longer you go without it, the worse you feel. Casual connections won't be enough; you need the intimacy, stability, and reassurance of an actual romantic partner... or you risk falling into a quiet despair.

Stupidity [+300 CP]

You're not dumb in the "comic relief" way. You're just... limited. Complex ideas confuse you. Long-term strategies escape you. Abstract thinking? Nope. When people explain things, you might nod and smile but completely miss the point. It's not that you don't care, but nuance and technicality just don't stick in your brain. This affects schoolwork, social dynamics, and even your ability to understand your partner's deeper feelings unless they spell them out for you. I

Nervous Habit [+300 CP]

You suffer from a severe eating disorder—either Anorexia or Bulimia. It's not just a background trait, it actively affects your life, health, and relationships. You hide it, deny it, and convince yourself that you're fine even as your body weakens and your mental state deteriorates. Perks and supernatural healing won't help unless they're explicitly mundane treatments like therapy or support groups, and even those will be hard to reach due to your shame and fear of vulnerability. This condition is dangerous, isolating, and could eventually kill you if left untreated.

Unrequited Forever [+400 CP]

You've found the one—the girl of your dreams. She's perfect in every way, and your heart aches just looking at her. But here's the twist: she will never, ever love you back. Not out of cruelty, but because fate just... isn't on your side. Maybe she's already taken. Maybe she sees you only as a best friend, a sister, or worse—barely at all. No matter how hard you try, no matter how sincere your love, she just can't return it being reasonable and you're being irresponsible, but from your perspective it will be all but impossible to realize that. This obsession has made you into a Yandere a danger to society.

The Saintly Mask [+400 CP]

Everyone sees you as a paragon of virtue: kind, composed, trustworthy. You're the "good girl" that everyone relies on. The problem? It's all a mask.

Deep down, you're a roiling mess of envy, frustration, and desire. You want to scream, cry, or maybe just be selfish for once, but the moment you break character, everyone turns on you even your lover . Your reputation is your cage—and if you ever act on your hidden feelings or slip up publicly, expect heartbreak, gossip, and social exile.

Ten Years Later:

Go Home: What, you finished? Here? Well, we won't ask. Whatever it is you gained here, we hope you enjoy it. You return home with all that you have accrued over your chain, and time resumes in all the worlds you visited.

Stay Here: This world does have a certain... allure, hmm? Don't worry, we won't judge. Add 1000CP as a bonus.

Move On: Ah, but of course. The journey never ends, does it? Go forth and have fun. Make some new friends.
