

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Passion in the Complex

An Adrift in the Complex Supplement by SpiritualStill
Version 1.0

*Ah, Jumper! It seems that you saw my invitation? Or perhaps you just stumbled onto it. Whatever the case may be, I am glad you found your way here. My name is...well, that doesn't matter really. I suppose you could call me a **Bringer of Joy**, from a distant corner of creation.*

You understand this Liminal Frontier very well, yes? You fall through the floor for one reason or another - maybe by accident, or perhaps because of some experiment. After that, you wind up in some place with damp carpets and mono-yellow wallpaper. Even if you escape that hell, you've got hundreds of levels to see, and potentially infinitely more. Still, it's not all bad: you aren't alone, as there are millions of others here with you, who are more likely to try and help than hurt.

Still... have you noticed something is missing? You have, yes? There's so little intimacy! You've got one shiptease at most despite having so many eligible partners! Yes, this world is undoubtedly a lot more bleak, but that doesn't mean you should be unable to have a sexy time!

*So, let me grant you this supplement. You can fuse it with the standard **Adrift in the Complex** jump. Everything is pretty much the same, just with more perverse elements.*

*For this supplement, you receive **+1000 Amor Points (AP)***

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Origins

It would be quite silly to have origins in a supplement, yes?

*In lieu of origins, you receive a 50% discount on one perk and one item from each price category. The exceptions are anything that costs **50 AP** and **100 AP**, as they will be Free.*

Perk Selection

Obligatory Protection [Free]

Well, you do need this if you are going to be doing anything, especially out there. This grants the world a degree of porn physics that helpfully aligns to your tastes, of which you will instinctively be aware. This also helpfully removes STIs.

Deviant Reality Shift [100 AP]

Yeah, so I don't think Smilers and Hounds are supposed to look so...*shapely*. In fact, I'm not sure sleeping with anything here counts as anything more than a biological hazard. You'll find that pretty much everyone and everything here is *at least* attractive enough that you'd bang it in a vacuum, and everything is able to have sex. This doesn't mean you'd actually bang them, though, nor does it mean they'd be willing to have sex with you.

Altered Phenomenon 7 - Amorous Echo [100 AP]

The Liminal Echo is the phenomenon responsible for shaping the Backrooms into the liminal frontier that it is. This altered, considerably more pervasive effect influences the entirety of whatever setting you travel to. This causes sex and sexual phenomena to be commonplace. Among its effects are sex and sexual actions being seen as perfectly normal, your preferred kinks being common (with your disliked ones being far less common), and your chances of running into sexual encounters skyrocketing.

Altered Phenomenon 15 - We're Alone [100 AP]

"Alone" refers to the phenomenon whereby Backrooms levels create copies of itself for each wanderer, ensuring they are isolated. The altered version is far less isolating, as you are able to bring yourself and your companions into replications of a space, which may or may not have some uses for sexy time. This also bypasses the standard Phenomenon 15, letting you drag your companions from their dimensional copies into yours.

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Oh, Romeo [100 AP]

Hey, so on your journey, you may or may not run into the fact that a dominant force within your semblance is Romeo Snow. Pretty important guy, all things considered. But what matters here is that he was a very charming fellow - too charming actually, and it became a problem for everyone else. It seems you share that sort of charm, so although you probably won't be seducing everything that walks in front of you, you can probably talk your way into the pants of pretty much anything, so long as you are putting in the effort. Granted, though, odds are that you'll only be able to do so once if you don't have anything to back it up.

Nice to Meet You, Aphrodite Isaac [100 AP]

Did you know that the Greeks got the gender of their God of Love wrong? True story. Also, you probably know the whole deal with Talloran, yeah? Still, while affirming their identities is always good, it's even better to make sure they feel comfortable. That is where you come in, as you are now able to change the sex and appearance of someone to match their inner self. What's more, you can have this be semiotically enforced, ensuring everyone, no matter how ass-backwards in beliefs, will refer to them by their ~~new~~ true selves.

Meet the Polycule™ [200 AP]

Hey, so in case you didn't notice, you can get, uh, *very close* with your companions. It's friendly, of course - but in case you don't want a platonic relationship, you can have this. Save for people you consciously or subconsciously wish to remain exclusively friends with, you find that your friendships gradually get deeper, and your friends grow closer amongst one another as well. Whether this means you are all just best friends, friends-with-benefits, or life partners is really up to you.

Love Her, Love Her, Love Her [200 AP]

When you care for someone, are you truly going to stop loving them because they've a ~~half-a-hundred~~ few issues? No! You accept them for who they are and help them work through them. You'll find that your love is genuinely a superpower and smooths over any and all problems. If your partner requires something like human flesh or blood, your love lets them eat normal food. If someone you love is someone whose fatal flaw is that they *cannot* be loved enough...well, it seems you give them what they want.

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Altered Phenomenon 25 - Death Denial [200 AP]

Hangman's Noose is an ominous phenomenon whereby individuals, when alone and at a very low point, will receive a vision of a noose - symbolic of the fact that they will die in exactly a year. Instead of that grim phenomenon, this causes lonely or despairing individuals to receive a vision/hallucination/dream of you, which will inevitably guide them down a path to meeting you, resulting in their life being saved.

Altered Phenomenon 57 - Achronic Deviancy [200 AP]

Achronism is the catch-all term for the Backrooms' many, *many* time-based abnormalities, born as a result of the fact that the Backrooms exist outside of time, so it's not beholden to the standard Frontrooms timeline. Consider yourself part of the problem, because now, whenever you partake in sexual actions, time will not flow while you do so. Well, time does technically flow, but it seems as though no time will have passed for you.

Altered Phenomenon 31 - Lascivious Rewrite [400 AP]

Reformation, also known as "Rewrite", refers to the phenomenon that causes additional properties to be added to anything in the Database that is "boring" or otherwise lacking in interesting details. This...questionably strong perk makes it so that anything you would find to be too "unsexy" will receive one or more additions to it that will not overwrite anything intrinsic to its identity.

Altered Phenomenon 33 - Correct Amount of Confidence [400 AP]

Unnatural Confidence refers to the phenomenon whereby wanderers are massively idiotic and suicidally overconfident. Now, you too can walk about with such swagger in your steps, and you can do so without looking like a complete idiot! When you are capable of doing something without severe consequences, you lose any and all sense of inhibition to do so if it would benefit you. Want to flirt with that murderous entity? Want to swim through that hazardous liquid? Go right ahead!

Altered Phenomenon 54 - The Radiant Sunshine [400 AP]

The Hollowing Depression is a hostile phenomenon that causes a depressive dissolution of one's emotional faculties, until they become empty husks. This has now been altered to be the exact opposite of the original phenomenon, whereby your very presence causes the world around you to become that much brighter and happier. Anyone around you suffering emotionally will slowly, but surely, find the emptiness they are feeling to be filled, and the grey of the world returning to its colorful state.

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Data_Frag_Kamadeva [600 AP]

...Okay, now I'm just worried for you specifically, because ***what the FUCK*** is the being that deleted you cooking by putting this in here? There is no joke, I am genuinely worried for you. But still, while this may or may not literally be *the* Kamadeva, I doubt anyone is going to be able to tell the difference. You are a master in bed, sex, and giving pleasure in general. This comes about from your ability to read the physical, mental, spiritual, and astral layers of your partners - and you are able to actualize said desires without fail. This effectively means that, unless you deliberately sandbag, it's impossible to not be satisfied by you in every way.

Altered Phenomenon 1 - Directed Assistance [600 AP]

Directed Control is the sensation that everything around you is fake. I'm going to let you in on a little secret: technically, it's true. This reality is the creation of beings we refer to as the Authors, who themselves are created by their own authors. That doesn't really mean everything is "fake", however - 50% is narrative intent, and 50% is causality, and this doesn't include the fact that 99% of your existence is barely controlled by the Authors at all.

I'm getting off topic - and also, the Backrooms is not where you'll learn about this. What matters here is that I'm giving you backing to be a horny bastard, because this is my promise that you'll be able to seduce everyone you want, and you'll both fall in love, forever and ever. Now granted, I am at the mercy of the rules of other authors, so don't you go using this to romance people they say you cannot! But otherwise, everyone else is free game.

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Item Selection

Altered Moth Jelly [50 AP]

A jelly-like substance produced by female deathmoths, meant to entice male deathmoths. This substance is extremely nutritious and will improve your mood, though excess consumption may be addictive. As an added benefit, anyone who consumes it, whom you wish to have the effect upon, will find themselves far hornier than normal. There are several variants of Moth Jelly, and you purchase them for 50 CP each.

If you purchased Moth Jelly in the baseline jump, you get this variant for free.

Altered Object 6 - Perverse Mirror [50 AP]

The Mirror is an object that shows wanderers an image of the Frontrooms, which induces in them a sense of nostalgia. Comparatively, this mirror, although similarly indestructible and holding a similar enough shape, will instead show you pornographic and otherwise sexual videos and imagery. The mirror reads your thoughts and shows you exactly what sort of imagery you wish to see, even if said imagery doesn't exist.

A Most Questionable Box [50 AP]

Seriously, who made this? This handy little box that seems to have no end is full of all sorts of sex toys, whose anatomy matches that of various entities and individuals throughout the Backrooms. Yes, this also includes the humanoid ones, but I'm not sure saying that part out loud will be conducive to your continued health.

Altered Object 37 - Energetic Candies [50 AP]

Star Candy is a tasty candy that re-energizes the wanderer who consumes it and gives them positive feelings. This candy works mostly the same...with the benefit of also fully refreshing one's libido.

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Altered Object 27 - Eros-Variant Mixologist's Delight [50 AP]

Mixologist's Delight is an alcoholic cocktail that, so long as it isn't unexpired, provides a number of benefits, including better well-being, improved mood, increased energy, and higher charisma. This variation of it includes the previous, including a stronger sense of hope, and a greater understanding of what someone wants to hear from a partner or potential partner. These effects last for 12 hours straight. You receive a new glass of it every 24 hours.

Altered Object 25 - Cloth Flashie [50 AP]

You pervert. Flashies are a type of flashlight that, when shone on a wall, shows you what is behind it (unless said wall has infinite thickness), with the benefit of entities not perceiving the sudden opacity. This still does that, but it also has the added benefit of never running out of power, and also letting you see through people's clothes.

Altered Object 24 - Wall Mask [100 AP]

Wall Masks are mysterious artifacts that bestowed their users with enhanced power, in exchange for homicidal urges. These work largely the same, with the difference being that they tend to make the wearer incredibly horny. You may choose one of the Wall Masks, although you may also alter any Wall Mask that you encounter.

Altered Object 36 - Slime Mass [100 AP]

Slime Organ are gelatinous objects found throughout the Backrooms, which are quite useful for eating. This one is a fair bit different from others, as it is (mostly) alive. It's not able to talk, and it isn't as intelligent as a human, but it can understand you, and actively tries to assist you as much as it can. It does this by shedding off any excess mass from its body, so you are able to eat it. If you are horny, it'll also act as a very unique stressball.

Altered Object 38 - Liquid Pleasure [100 AP]

Liquid Pain is Almond Water's rather mean counterpart, inducing extreme pain from contact and outright death within three hours if you consume it. This is very different, as contact with it considerably magnifies your pleasure receptors, which can cause some...dubious consequences.

Altered Object 3 - Entity Attractor [100 AP]

Smiler Repellent is a handy liquid that, before being unintentionally neutralized by the M.E.G., repels Smilers. This works in a very different way, namely by drawing entities to you. In what universe would that be useful, you may ask? Presumably this one, because when this is out, it effectively tells every entity that you are down to fuck.

Altered Object 31 - (Booty) Call from Beyond [200 AP]

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Ouija Boards are special boards that allow one to allegedly communicate with the dead - or maybe just demons posing as the dead. Whatever the case is, this one works differently. This allows one to communicate with spectral and demonic beings for the purposes of romantic and sexual encounters, giving them semi-material bodies that allow them to interact with the world, but cannot harm anyone save for self-defense.

Altered Object 33 - RoboPartner [200 AP]

I almost feel bad for having Backrooms robotics be the ones who have to create these, *almost*. These variants of RoboPets are considerably more *shapely* and can come in the forms of a kemonomimi-style (mostly human with small animal features) or furry-style (sexy bipedal animal humanoids). Unlike the incompetent programming of the original RoboPets, these are not hostile towards wanderers, though they *are* still as strong and resistant as them.

Desire's Garden [400 AP]

It seems that Protastheia has seen fit to bless you with a special sort of garden. In here, you'll find all of your agricultural efforts being greatly magnified, with perfectly rich soil that can nurture any plant within it - *any* plant. Honestly, it doesn't even need to be a plant, as fauna can grow here as well. If you want to be a little freaky, you can cultivate plants with flesh and bones, or animals that have floral features.

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Drawbacks

This supplement has no drawbacks of its own. However, certain drawbacks from the main document, if chosen, have an additional penalty here, which will grant some AP in this supplement as well.

Awkward Ex [+100 AP] (Requires *What Did I Do?*)

Oh, so that's what you did. It seems that you were romantically entangled with the person/people who have it out for you. This makes diplomacy with them both somewhat harder and considerably more awkward.

Could You Knock?! [+100 AP] (Requires *Terrible at Stealth*)

It seems that, whenever you are doing anything sexual, people have a considerably higher chance of barging in to disrupt you. It won't be constant, but unless you are on an isolated level, this will happen more often than not.

Apex-tier Pluripotent Freaks [+200 AP] (Requires *Apex-tier Pluripotent Headaches*)

Most unfortunate for you. It seems the gods you interact with all require some sort of sexual rite. If said god is hostile to you, you can bet it's going to be some disturbing shit you have no interest in being part of.

Conclusion

Alright then, I think that'll do for all my intervention. May you use this to your heart's content.

Oh yes, I almost forgot to mention. If you want to purchase more from this supplement, you can use the CP to obtain from the main jump's scenarios. CP can be converted into AP at a 1:1 conversion rate.

Now, get going to the main jump!

THE MANOR AND THE SEA

PART ONE: ADRIFT IN THE COMPLEX

Notes

This supplement was created as a result of a little brainworm (not literal) I had while writing the main jump. In the earlier drafts of the plot, the protagonist (Romeo Lacuna Snow) had some inspiration from the *Anael* CYOA from the Troyverse - which is *extremely* NSFW. Needless to say, that is no longer part of the canon, but it did stick in my head. I also realized that all of the companions (besides the married man and dude stuck in a womanly doll) were subconsciously made to be women, which was quite odd, as calling the plot a “harem” is pushing it. This was made so as to deal with that brainworm.
