OVERWATCH:
Girls Night Out

V 1.0 By Apocbox

Nightclub TLN is one of the newest yet hottest places to party. Despite the entrance to it looking somewhat shady, once you get inside you will be astonished by its quality. Tonight some heroes from Overwatch will come and visit it, while members of Tallon will try and gather some info from them. Well, that's the plan; it will most likely just devolve into a fucking marathon for everybody involved.

Take this 1000 points to spend. You will stay here for 10 years.

ORIGINS

Choose your age and sex for free, both can be taken as a Drop-In.

Stripper

One of the people working at the club and secretly a member of Talon, a terrorist organization opposing Overwatch. Well, currently you are a stripper, and tonight will be quite busy for you.

Guest

Whether you are a simple civilian or a member of Overwatch, you have come to the club to have some fun, relax, and unwind. Good thing that there are a lot of hot ladies there tonight wanting to do the same.

Perks

Perks are Discounted to their respective origins, perks worth 100 are free and the rest is 50% off. Free Perks are optional.

General

Nyl's World – Free

Overwatch is rather known for its collection of beautiful characters, and since this is a porn version, it is quite a bit more apparent. You and everyone else, both in this world and future ones, receive a bit of a boost to appearance. You gain control over your fertility, being able to set it anywhere from zero to a hundred, with your partners believing the sex is safe if you set it to the minimum. You are immune to STDs as well as always being clean both inside and out, with it also applying to your partner.

Big Surprise – Free

You've got a cock. And a rather huge one at that, going from your groin all the way to your tits as well as being extremely thick. Despite its size, it always easily slips into any holes, and any pain or damage it would have normally caused is instead transformed into pleasure. You also got a set of proportionally sized balls producing and storing massive amounts of cum, making you able to fill bucket after bucket with jizz and still have more to go. It can shrink to manageable sizes if you so want to, making it not interfere in your daily life. If you didn't have one before, you now have one, or you can instead make it so this perk applies to your holes, making them extra tight while being able to fit far bigger things in them, and the balls part to your tits, making them able to produce large quantities of milk.

Unusual Looks - Free

No one gives a particular shit about how strange you look. Hell Widow is purple, and that just makes her hotter. You could be a blob of tentacles or a particularly ugly little green alien, and no one will care. And if you are actually attractive? Well, you'll definitely get some rather interested looks and probably will get treated better than an average person. Exotic pretty privilege, I suppose.

With Da Girls - Free

The focus of Nyl's works is women and futas, with men being practically nonexistent. You can take it to the extreme and make it so men do not exist at all, with all the canon and background characters becoming local variants of futas instead. You can choose if men exist, if they are replaced by futas, or remove women entirely, leaving only men and futas as well as deciding who is who at the start of each jump.

Stripper

Pole Dancer - 100
How hard can pole dancing be? Well, have you ever tried it? It's actually quite a difficult thing to do, and that's before you consider doing it for prolonged periods of time. You are a natural dancer, with a special talent for pole dancing, being extremely skilled in it. You are also quite a bit more flexible in general.

Condom Breaker - 100
Honestly, that pesky rubber is so useless. What's the point in putting it on if you're just going to burst it after a few thrusts? Well, at least it's hot to see it burst, whether just from the size of your cock or the addition of your giant load. Anytime you are wearing condoms, you can be guaranteed that they will not break and function properly, unless you do not want that, in which case you can burst or tear them with just a thought.

Job Requirement - 200
You have a legal right to be nude wherever and whenever you want to be. It will not stop people from looking at you, but no one will protest or stop you from doing so. This also has an interesting effect on pictures or videos of you being posted online, where as long as you want, they will be treated the same way, with even the most anti-lewd sites allowing them as if they were the most SFW stuff imaginable.

Club Night - 200
Besides the skill, the stripper also requires quite a bit of endurance since they are expected to be able to perform the whole night. Your stamina is immense, with you being able to easily spend prolonged periods of time doing physically intense jobs. Your sexual stamina is similarly insane, with you being able to stave off orgasms for prolonged periods of time and cum again and again without becoming even slightly winded.

Give And Take - 400
Sometimes you find someone who's both visually appealing and whose personality you find attractive. Only to have them be completely incompatible with you in the bed. Thankfully for you, that never happens, as all of your partners are always a perfect fit for you when it comes to sex, whether a dominant person becoming more submissive to accommodate your own dom tendencies or a person who previously disliked anal deciding to give it a try. People are far more willing to do things your way when it comes to sex.

Girl In The Chair - 400
No, you are not a cuck! You are a hacker! That's a really important distinction to make! Eh, whatever. You are not only an extremely competent hacker, being able to pull information even from the most secure places possible in record time, but people also seem to fall for your digital traps far more easily than they should. A professional

member of an anti-terrorist organisation could easily just scan a QR code you left on a wall that promises free wifi. Somehow they never suspect it to be foul play.

Captivating To Watch - 600
With personal looks, skill, and stamina for the work covered, the only thing left is the stage presence. You've got an insane level of charisma that draws the eyes of all to you. Even your personal enemies and people who hate your guts in general will not be able to help themselves but be stunned and become horny for you. From your speech to your intentional and unconscious body movements, everything about you just screams pure sex. Seducing people has never been easier.

Real Life Hacking - 600
Breaking into even the most secure of computer systems is child's play in comparison to what you are capable of doing. Somehow, through a biological quirk, a mystical ability or some technological augmentations, you are capable of hacking people. This power is best suited towards horny means, whether by lowering someone's inhibitions, changing their sexual preferences, spiking their sensitivity and so on, but is far harder and takes far longer for more SFW purposes like limiting the use of their abilities or preventing certain items from being used by enemies.

Guest

Content Creator - 100
You are a professional content creator, being one of the most skilled entertainers and being extremely good at editing as well as possessing great luck when it comes to running into interesting people or scenarios. It will take you less than a month to become one of the most famous people on the internet from scratch, and you are savvy enough to actually keep your viewers from leaving, possessing an innate sense for what is and Isn't good content.

Emergency Rizz. Break In Case Of Spotting A Baddie - 100
You are capable of using The Look. What look?

The Look.

We've all used it.

Yeah do you not know about The Look?

Even I know about The Look.

With a simple eye contact, you are able to tell the other person of your attraction to them as well as provide them with information on your skill in bed, your virility and the quality and size of what you are packing down there.

Throat Goat - 200

Before you go for the main dish, you might enjoy some prelude to the fun. To that end, you are exceptionally good at inflicting pleasure through your hands, mouth, feet and the rest of your body that isn't genitalia. From giving masterful handjobs to swallowing giant cocks without any choking to licking that ass like you were born to do, you are capable of making people cum their brains out before any real fun even begins.

Tender At The Bar - 200

Whether it is because you visit such places all the time, some surgery that you have undergone, or just having been born a freak, any sort of drugs or poisons, be they mundane like alcohol and nicotine, something more extreme like roofies, or something extreme like Halothane or Novichok, has zero negative effects on you. You might still catch a good trip off of them, but anything bad that they might have caused you, be it short- or long-term, just doesn't happen.

Perfectly Secure - 400

Drugs are one thing, but having to worry about weird hackers or some other supernatural individuals capable of messing with you and your stuff is a whole other thing. Thankfully, both you and any of your equipment are now perfectly protected from any unwanted changes and interference. Be it some bitch trying to disable your abilities, some mind controller trying to hypnotize you, some mad scientist forcing you through a gene-altering procedure or some simple hacker trying to break into your phone, they will be unable to do it unless you give them your express permission.

Never Interrupted - 400

Isn't getting blue-balled and/or clam-jammed just the worst? Like can't they see that you are having a moment here?! From now on you no longer have to fear being interrupted during your fun time, with time, space, causality and fate bending over backwards to ensure that you reach the finish line. But don't get too cocky, since this only works when it's actually used for sex, as trying to use sex as an excuse to use this perk for some other means will not work.

Oooh Look At That - 600

Well, aren't you lucky? It just seems that no matter where you go, you can always find some hot piece of ass there that will not only be an amazing lay but is actually quite compatible with your personality-wise, making you able to easily make new long-lasting relationships with them. You are in general also quite a bit more fortunate, missing many everyday troubles and having an easier life over all.

Muscle Mommy - 600

Oh my god, just look at your thunder thighs! Scratch watermelon; you could probably pulverize a bowling ball with barely any struggle. And the rest of your body is similarly strong, with you being quite a bit beyond what is considered peak human. You never have to do any exercise to keep such an amazing physique, as it never

deteriorates, and neither do any of your other skills, abilities, powers, and so on. And despite your physical might, you do not lose any appeal; in fact, the stronger you are, the hotter you look.

Items

Items are Discounted to their respective origins, items worth 100 are free and the rest is 50% off. Anything can be imported into a fitting item (Weapon into a weapon, tool into a tool etc.). If lost or stolen you get them back in an hour. All items can be bought multiple times, with free items costing 50 after first purchase. You can combine compatible items like **Throne For The lady** and **Over-Phone.**

Stripper

Choker Camera - 100

An accessory that goes around your neck and in general looks and weighs the same as a regular one. It, however, has a built-in high-definition camera with Wi-Fi connection capabilities. It is capable of both recording footage and streaming it live without any delays or stutters. Has rather impressive memory storage, being around a couple dozen terabytes.

→Free WiFi← - 200

Not only do you yourself always have a high-speed, unlimited internet connection in any world you are currently in or an appropriately similar network in the setting, like HoloNet in Star Wars or the magic internet in Owl House, no matter the location or any attempt to block it, but you also have a QR code, or a local equivalent, that will allow you to share it with others. The best part is that you gain complete access to any device that uses it, with there being no way for others to see you accessing their devices.

Throne For The lady - 400

One of the best, if not the best, PCs around. With six giant monitors, a keyboard and mouse that boosts your typing speed, and a perfect OS and nearly infinite processing power, this is an amazing asset for both having some fun playing games and, more importantly, for hacking, as any such activities are boosted through the roof when using it. With it, even a moderately capable hacker could contend with a god program. They would most likely lose, but it will surprise the AI quite a bit.

Club TLN - 600

This is honestly less of a club and more of a giant entertainment center with its five floors and giant stage. This place has infinite amounts of all kinds of booze, as well as some of the lighter drugs, as well as a legal right to play any music, which, due to masterful audio setup, can be heard all over the place. Well, except the more quiet lounges. It constantly attracts important people in whatever world you are in, even if they are normally not into

such things, and you are almost guaranteed to stumble upon them if you wish to meet them. The club provides huge amounts of money to you on the regular and is always stuffed with extremely hot people who are okay with having some fun with you.

Guest

Over-Phone - 100
A top-of-the-line smartphone that doesn't need charging and has an enormous storage capacity. The best part is that stuff from it cannot be obtained without you directly allowing someone to do so. Go ahead, use that sketchy wifi; the hacker that set it up will not be able to glimpse anything from it.

Fuxercise Equipment - 200
A set of strangely shaped sex toys. Using them will allow you to train both the physical attributes related to sex, like your dick size or the amount of cum, as well as your sexual skills without limits. Even some virgins with a micropenis, after a month of rigorous training, will turn into a well-hung sexual tyrannosaurus, capable of impressing even experienced whores.

Linked Light – 400
Whether through magic or some bullshit technology, this fleshlight was made to not only feel like a real hole but also is capable of linking itself to any person you desire, morphing to perfectly copy one of their holes and allowing for them to feel everything you do to it.

Free Party - 600
Partying in the best clubs is great and all, but it is also an extremely costly hobby, and being a hero doesn't really pay that much these days. Not to worry, since this little card gives you free VIP access to any and all clubs, restaurants, hotels, brothels, and so on. It also allows you to buy as much alcohol as you want as well as being able to spawn up to ten thousand dollars or equivalent a day for things like tips or throwing them at the strippers.

Companions

Companions can’t take drawbacks.

Original/Import - 50 for 1, 200 for 8
Make someone original in this world or import a previous companion. They get an origin, freebies and the discounts along with 1000 to spend as they please.

Canon – 100
Take any individual as long as you can convince them to go.

Drawbacks

Drawbacks trump the perks and items from this jump and the previous ones. They last for your entire stay here but disappear when you finish the jump. Take as many as you can handle

Crossover – Free

You can use this jump with any other overwatch jump, fusing the worlds together in any way you want. Points are kept separate.

Supplement - Free

You can use this jump as a supplement to any other overwatch jump. Points are kept separate.

Fanfic Toggle - Free

Whether it's another overwatch porn animation from a different author, some NSFW comic or a fanfiction, you can choose to appear in a different world from this one, as long as it's based on the original story.

Self-Insert - Free

You can take the place of one of the canon characters, either by replacing them in the story or by taking over their body. You gain their abilities and skills for the duration of the jump but lose them afterwards.

Entry Point - Free

There isn't exactly a specified date the events of the video take place in, although the presence of certain characters might give you some idea. In any case you can choose when exactly on the timeline the events of the night take place.

Extended Stay + 100 per

Stay for 10 more years. Can be taken as many times as you want but you only get points for the first 4 purchases.

Catcalling + 100

Whether you are actually attractive or not, you seem to constantly find yourself surrounded by people who are ugly and whom you very much do not like. They are rather insistent on getting into your pants and will constantly try to persuade you to sleep with them.

With An F-A-T, Cuz I Know I Got A Weight Problem An' I Just Don't Give A Fuck + 100/200

You are thick. Unfortunately not in a sexy way. You are extremely obese, with it causing you quite a few other health issues, let alone making you rather unappealing to a large portion of the population. Guess you've got to

hit the gym unless you want to stay like this. For an additional 100, you cannot lose weight no matter what you do.

Cock Choked + 100/200

Forget about oral sex, as not only do you have an extremely strong gag reflex, but you are also extremely awkward with your teeth, constantly biting your partners, and not in a hot way. Alternatively, it's other people who cannot do oral great when it's with you. For an additional 100, it's both.

Left Out + 200

The thing about this world is that the limit on what constitutes a big cock is quite absurd here, and while it may be hot to see a dick longer than most forearms and thicker than a can of soda, fucking someone you will unfortunately have to pass on it. Your holes are extremely tight and small, only being able to accommodate below-average partners, and that's below average for a normal world, not this one, but your cock, if you have one, is now also extremely small.

What's A VPN? + 200

You- uh. God, you are just awful with technology. Even if you are supposed to be good at it. Your typing speed is atrocious, you always have hundreds of tabs open, you refuse to use an anti-virus or an adblock, and in general are extremely tech illiterate. Prepare for all your data to be constantly stolen.

White Girl Wasted + 200

Just a single glass of beer is enough to make you wasted, and anything stronger will just knock you the fuck out. Your drunk behavior is something to behold, with you constantly doing shit that will embarrass you and cause you trouble when you sober up.

Just How It Is + 200

You are constantly forced to have sex in a way that you find unappealing, whether by being a top or a bottom, being a sub or a dom, doing it in the positions you hate, or in some other way turning what is supposed to be a pleasurable activity into an annoyance.

Error Physical Access Required + 200

Whether you are getting an urgent call right before your orgasm, your internet going out on a climactic moment of a movie you were watching, or a bird snooping in to grab your food right as you take a bite, you are constantly finding yourself blue-balled and clammed-up, both when it comes to sex and to random shit in your daily life.

Blown Out Back + 300

Ah! Your back! Your back!!! Jesus, be careful. Don't you know it's quite weak? Well, your whole body is, as you are now as strong as a barely-adult civilian. That wouldn't have been so bad if you didn't constantly find yourself in situations where some strong individuals wanted something from you, be it your purse or your ass.

The Final Choice

First of all any mental, psychological, physical or supernatural traumas that you acquired here or anywhere else are gone. If you want them gone that is. Take this toy versions of All the canon characters that appear In the animation for free.
