Perks

Poison Fruit (100 cp, Free to Evil Bitch)

You have big red flags, but you have bigger boobs. Just generally pretty to the point where men are willing to deal with your ugly personality in exchange for the sex. You are putting out, right? You'd need to be a real bitch to not do so... oh wait.

Perfect Murderer (200 cp, 100 cp for Evil Bitch)

Immense yandere talent! You can stalk guys with the best of them, are way too good with knives, and can be incredibly quiet to the point you barely let out a peep when you suddenly find yourself orgasming half a dozen times at once as cum drips down your legs.

Supervillainous (400 cp, 200 cp for Evil Bitch)

How does one deal with an invisible immaterial rapist trying to stop you from murdering your ex boyfriend? Very carefully. You're really good at crime. Stabbing without getting any blood on yourself, establishing an alibi, successfully keeping secrets from someone spying on you at all times, you know, the usual stuff.

Get Out Of Jail Free Card (600 cp, 300 cp for Evil Bitch)

You were raped! How could you be guilty of a crime when you just woke up on the ground leaking cum? Even if someone dumped you in front of the police station with your crimes written on your forehead, you'd still get away clean. It's really hard to convict you of much of anything.

The Rest Of The Innocent (100 cp, Free to Ex Boyfriend)

The price of not having a girlfriend is... a good night's rest! Whenever you're romantically unattached, the quality of your sleep rises dramatically and you always wake up feeling refreshed. You also don't get blueballs.

A Catch Of A Man (200 cp, 100 cp for Ex Boyfriend)

You're a good boyfriend. You never forget important dates, you're a decent handyman and a better cook, you have her favorite colors and flowers memorized, and it rarely takes more than one or two nights for you to start playing her body like a fiddle. Assuming she puts out, at least.

Dear Jane Text (400 cp, 200 cp for Ex Boyfriend)

Most women get really pissed when you dump them, but apparently you're also really skilled at that somehow? You always know the perfect way to end any relationship you're in with no hard feelings between the two of you. Or with all of them, if you prefer.

Thankfully A Superhero Saved Me (600 cp, 300 cp for Ex Boyfriend)

Your bitchy ex girlfriend is on her way to murder you, and what do you do? Ignore her, because Stopman, the Iron Fist of Justice, will save you! Whenever a woman you were formerly in a romantic relationship with tries to seriously harm you, she gets raped. No exceptions, no explanations, just 'justice'.

Red [Insert Weapon Name Here] (100 cp, Free to Superhero)
You've got a massive dick and massive loads. Also you're buff as fuck.

Man, What A Bitch (200 cp, 100 cp for Superhero)
You have a spidey sense but instead of detecting threats it detects thoughtcrimes. And actual crimes. You can look at a woman and immediately know that she's plotting a murder, as well as just generally feel that something bad is about to happen in that general direction on a regular basis.

Regain Your Humanity (400 cp, 200 cp for Superhero)
Being pregnant with your kid genuinely makes women a better person. Assuming you don't mindbreak them into a living sex toy at least.

This Penis Is The Penis Of Justice (600 cp, 300 cp for Superhero)
Under normal circumstances your personal deliverance of justice, before a crime has been committed, would be hilariously illegal. But, you are justice, so fuck that. Whenever you deliver your justice, the police become aware of their crimes and will punish them accordingly.

Zero Zero : Zero Zero (1000 cp)
You possess the same power as Stopman, our iron fist of justice! Specifically, you can stop time. Additional benefits include - summoning versions of yourself from an alternate timeline to help you gangrape evil women, traveling to other timelines to help alternate versions of yourself gangrape evil women, partially unfreezing people's minds slash body to better deliver justice, or freezing the time of your cum to prevent women from getting pregnant.

Call of duty, league of legends, whatever is trendy these days. Comes with a good headset for playing with the boys.

Studio Flat (200 cp, 100 cp for Ex Boyfriend)

A place to live. Bills paid, no rent, etc all. There's technically room for two people to live here, but it's a bit of a tight fit. Stains and weird smells are automatically cleaned.

State of the art! Keeps evil bitch ex girlfriends out of your flat and automatically calls the police whenever someone tries to break in.

Paranormal Investigation Notes (600 cp, 300 cp for Ex Boyfriend)

A series of diaries belonging to young women died under mysterious circumstances. Each one claims to have performed a ritual to summon a ghost, who then proceeded to rape them to death over the course of the next few days. With enough time, energy, research, and drugs, can potentially result in you gaining supernatural powers

Superhero costume. Makes you appear even more buff than you normally are. Has your dick hanging out.

MIMK 122+ (200 cp, 100 cp for Superhero)

A collection of porn, games, hentai, jav, etc all that largely focus around time stop.

To The Rape Cave (400 cp, 200 cp for Superhero)

Ultra Red Armor (600 cp, 300 cp for Superhero)

Superhero costume, again. Contains a bunch of random upgrades, such as being compressible to the point you can hide it inside your wallet as though it were a condom, a police band scanner, an automated pressure point massager that helps your already big dick get even harder and shoot bigger loads, cleans itself automatically, and can stop small arms fire. Still has your dick hanging out.

Allies

League Of Super Evil Rebels (100 cp)

You import a companion. They get 600 cp.

Highly Effective Red Operator (100 cp)

Canon companion. All three of them. ...Four if you count Stopman and alternate universe Stopman.

Sweet Fruit (100 cp)

It's a version of the evil bitch from another world! Instead of being a murderous yandere who commits crimes against anyone foolish enough to break up with her, she's a 100% genuine Good Girl who adores her boyfriend (you) and dreams of nothing more than a fancy wedding and raising your kids and living happily ever after. She still has some pretty scary knife skills though.

Flaws

Ecstasy And Finality (+100 cp)

You're kind of psychotic and are easily aroused by guro and murder and all sorts of violent fetishes

Hypocrit Thy Name Is Stopman (+100 cp)

You have absolutely zero understanding of police procedure and regularly help criminals get away with more crimes than they would normally, entirely by accident.

Ugly 3d Women Can Go Explode (+100 cp)

The world is badly censored.

Sir Not Appearing In This Doujin (+200 cp)

As it turns out, you have very little interest in individuals of the opposite gender. Instead you're going to want to spend most of the jump playing games with your bros, or maybe shopping with the gals. It's not homo you're just good friends.

Handled That Break Up Well (+200 cp)

You have absolutely zero ability to handle rejection and are entirely too likely to fly into a rage and murder an ex boyfriend for dumping you as you are a manager who trashed your application.

You're Onstage In Five (+300 cp)

So, turns out, you're not going to the world of Stopman. You're going to film it. You're a pornstar, your perks and items are largely dialed down with anything above a certain point only existing in special effects.

The End

Stay Here, Go Home, or Move On
