

Generic clanky/object head/ aeromorph/gunmorph/dire machine/etc supplement

By Admiral Chiraneau adapted with permission by teratophiliaOP

Ahh, so either you or your JumpChan have found a world tragically bereft of clankys. have **+1000 Species Points (SP)** to help you fix that. for your history and whatnot, as you will be spending the next ten years here after all.

Species

Pick one for a base

aeromorph - These are your fighter jets biplanes drones,blimps what have you only significantly more humanoid they have a tendency to fly a bit better than they walk despite their lack of apparent aerodynamics.

gunmorph - This covers not just your conventional firearm people but your ray guns and your magic wands as well,may or may not require ammunition,generally not any more powerful than an upscaled version of the firearm they're based on.

object head – frequently depicted as being able to perform all the functions of those with a traditional cranium or not needing them object heads have a the tendency to be perceived as a bit more mysterious mystic and esoteric

dire machine-considered by many to be the most industrious of the options,

Species Choices

General

The descriptions are what is immediately available to the Jumper on purchase; with time and practice, more advanced tricks may become available, from the mildly cute to the full-fledged body-horror-iffic

Customization - Free - Be it coloration or a size change, as long as you conform to a basic humanoid form your furry form can look however you wish it to be, whether that be realistic mouse, flashy firefly, or full sparkledog.

Odd Form - 100SP - Do you wanna be a Naga or a Centaur? Perhaps a Mermaid? Well with this you can take on a form that is humanoid from the torso upwards and more animalistic from the waist down. Or you could, if you wanted to, take on a purely feral form which matches the animal you wish to embody. That or you could be a cybernetic organism, such as a Protogen or a Synthetic. Or both, if they exist.

Weaponized Body – 100SP free for **gunmorph**

Be it guns, grinders, or something more exotic, something about your body can be used as a dangerous weapon.

mechanical Mobility - 200SP free for **aeromorph** – jet engines, buoyant hulls, all-terrain threadsand gyroscopic stability ? All covered here my friends, can be taken multiple times for different forms of mechanical Mobility.

Hybridization – 200SP free for **dire machine**

- Oh, you want to be a success machine? Sure! Go for it! Take another variety of machine and blend it with your current mechanical form, thus gaining the discounts of both. Science fiction/magical Abilities - 300SP/600SP first level free second level discounted for **object head**

You want to be a the legendary artifact? Sure! This would allow you to tap into the mythical abilities of your choice, with the lesser of the two grades being the basic abilities of the mystic such as a spell book’s magical repertoire , a hard light projector’s versatile constructs , or a invisibility cloak’s stealth whatever it is gets taken to extreme levels like one might find in a comic book protagonist’s arsenal with the second purchase

gunmorph

Evergroomed - 100SP - You ever notice that most furry media doesn't go into the extensive and complicated grooming needs for each species? Well you won't notice either, as long as you maintain basic hygiene for a bald human you will not need to worry about your coat getting scruffy or a case of fleas getting out of hand.

Heightened Sense - 200SP - Be it a Dog's sense of smell, the Catlike eyesight, or something else, one of your senses are heightened to be able to pick out the finest of details in a particular subject. You may purchase this multiple times, but at a discounted price, either picking a different sense or adding a new sense from elsewhere in the animal kingdom, like a shark's electroreception or a bird's magnetic sense.

escalator - 400SP - You can intensify any situation in whatever direction it's going, make a party more enjoyable, make a date more romantic, make a boxing match more intense.

Firing squad - 600SP - Many **gunmorphs** are military members, with this choice your ability to coordinate with others is heightened tenfold and people tend to "Pack-Bond" with you rather rapidly. You will make friends very easily when you are in your **gunmorph** form, and will in turn find worthwhile friends much more easily.

aeromorph

Thermoregulation - 100SP – it gets cold at high altitudes and velocities you need to keep your internal is regulated,. Now you can as well, no matter the climate, no matter the circumstances, your internal body temperature will remain a constant, comfortable level.

Armored Hide - 200SP – aircraft aluminum is a lot tougher than skin, your body is tougher than most, able to take a beating. This even extends to an emotional level to where you are slow to rise to anger or to sadness. Expect to be the one people lean on for tough jobs.

Resilience - 400SP – aeromorphs are known for their ability to go long distances at high speeds without refueling you'll find your endurance in all matters mental and physical increased by ten fold.

Sleek and sexy - 600SP – out of all clankys aeromorphs are known for their desirability as sexual and romantic partners with there support staff nearly universally falling for them and even enemy soldiers more likely to engage in "honeypot operations" than finishing a dogfight lethally. You have all the charm and passive seduction aeromorphs are stereotyped to have effortlessly able to make people fall for you and seducing others in moments by mere proximity.

Object head and dire machine

utilitarian Body - 100SP - the objects that make a Object head's head generally still function

and a dire machine is still just as capable of the function the heavy equipment/vehicle they were and actually constructed as was before they awakened be a tank ,plane,space station ,submarine or bulldozer. Your body is it's just as capable of doing the thing it was intended to a normal version of the thing

unnatural Intelligence - 200SP - , the pervasive nano machine clusters of a dire machine do much of the processing and do it in a way vastly more efficient than organic beings,object heads are usually supernatural intelligences not bound by the rules of computation organic and inorganic beings are,this has proven on many occasions to be far, far more intelligent than they initially appear to be. You too have this deceiving intelligence and cunning far beyond your initial appearances.

Organic imbueement-400

while this is a thing dire machines are primarily known for object heads are capable of a variant of this based on their own supernatural principles.you become able to imbue organic life forms with some of your nature be it supernatural or nano machine vastly improving the efficiency,strength and lifespan of their bodies while simultaneously making them reproductively compatible with you.

Decentralized Biology - 600SP - You know what shows up in our community rather infrequently but does have an interesting quirk? The Jellyfish, what with its lack of a brain and decentralized nervous system. You too will have this odd quirk of biology in which your organs are either redundant or simply spread throughout your body and lacking any real substance.

Drawbacks

Take as many as you like, for SP only

Human No More +0 - What? You want to keep this form permanently? Well, obviously, it's an alt-form—

Ah. Even in Gauntlets. Right.

How about this? By taking this toggle, you may add the species you buy in this Jump to your Body Mod- *in exchange for your normal human altform*. That is, not only would you be defaulted to this species in Gauntlets unless you bought a species option *in that gauntlet* - and note that 'vampire' and 'ghost' and the like are *templates*, not species, so you'd retain your non-human appearance even with such options - but you'd also have no human altform in *normal jumps*. The absolute closest you will be able to get to being human will be to use a dwarf or elf alt-form.

But if you think that's a trade worth making, go ahead.
