

Tales of Foxes Jumpchain

by Faucheusestar

Welcome to a world populated only by foxes of all types and shapes, from the normal to the most extraordinary. This land is filled with tales and legends about its cute, fluffy creatures.

Take **1000 Choice Points** to fund your adventures.

Starting Location

Roll a 1d6 to determine where you start, otherwise pay 100 CP to choose your Starting Location. Your place of arrival can be recuperated if you wish so as to be added to your warehouse.

1• forest

At first glance, this is a very ordinary forest, although many stories have been told in such places.

2• Snow fields

You appear in a large snowy plain. The fluffy snow around you looks really fun to bounce in.

3• urban area

This urban area is strangely filled with delicious food stored in boxes on the ground. Who could have put them there, you don't know, but luckily you and the other adorable foxes are here to make it all disappear!

4• Hong Kong

It can be the city you have in the more normal world if you like. But the idea is that it will be a steampunk town, as seen in Love, Death & Robots Season 1 Episode 8, filled with machines that move forward despite being made from gears.

5• Land of tales

Maybe there's a place in a fairytale/a game/story or any media related to Foxes that particularly speaks to you. If that's the case, you'll appear there. What's more, at the end of the jump you can add it and all its contents to your warehouse.

Drop in

Mofu mofu [100 CP | Free for Drop in]

You are incredibly fluffy. Your fur/hair is extremely soft and comfortable and needs no special care, it's as if dirt and unwanted critters can't reach it!

Fluffy Tail Spellcaster [200 CP | Discounted for Drop in]

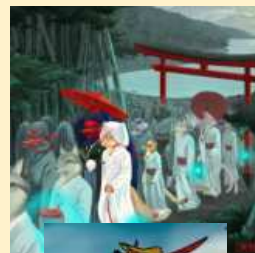

You can use your fluffy tail(s) as an extra brain/hand, whether to gain parallel thoughts, cast spells, or wield weapons as if it were your own dominant hand.

Tails are fluffy, cute and useful [200 CP | Discounted for Drop in]

Your tail can act without you needing to control it, sometimes it will deflect/dodge an attack on its own or do cute and endearing things (this can be enabled/disabled).

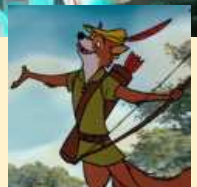

The fox's wedding [200 CP | Discounted for Drop in]

You have powers over the weather that allow you to make it rain, even in bright sunshine, which can even keep curious onlookers away if you wish. You can also make ghostly lights appear, similar to a procession lit by paper lanterns. What's more, you're great at organising weddings and creating the right atmosphere.

Robin Hood[200 CP | Discounted for Drop in]

You're like Robin Hood, you excel when it comes to using a bow and stealing and fighting the rich... How come Robin Hood wasn't a fox, you had no proof!

Tails [400 CP | Discounted for Drop in]

This not only allows you to become a very good engineer capable of creating many gadgets but also gives you an additional tail (you can hide it) and the ability to use them as propellers for flying.

Robotic Huli Jing [400 CP | Discounted for Drop in]

You can renounce your magic, and as long as you do so, you have a complete understanding of the machines around you and how to improve them. This gets to the point where it wouldn't be wrong to call the machines you create a new form of magic. And unlike classic magic, which you can weaken proportionally to the amount of industrialization around you, your technology doesn't weaken. Moreover, over time, you can create equivalents of magic through technology, such as transforming yourself into a fox or a humanoid.

Firefox [400 CP | Discounted for Drop in]

Wherever you go, you'll notice that you can open a computer window precisely that of the eponymous search engine. This window has all the knowledge registered on the internet in a more normal world, as well as the one on the equivalent of the internet for your current jump.

Heir of the sun [600 CP | Discounted for Drop in]

It seems like you're not just any fox, you're descended from the original hikikomori.... I mean a great sun goddess! Not only does this grant you solar divine powers and the ability to transform into a fluffy dragon fox, but you'll also always be considered the ancestor of the royal and noble lineage.

Tale of Fox

Cunning like a fox [100 CP | | Free for Tale of Fox]

You're as cunning as Renart himself, and all the tricks that have made the legend of this cute fluffy animal are simple tricks for you.

The Lion, the Bear and the Fox [200 CP | Discounted for Tale of Fox]

You've got a real talent for seizing opportunities, like taking advantage of two people fighting over a MacGuffin or something and stealing it without being caught!

Daji [200 CP | Discounted for Tale of Fox]

You're really good at seducing people, especially those in positions of power. You can easily get them to respond to your every whim. Strangely enough, the more likely it is to lead them to ruin and the more sinister and devious it is, the more effective your influence on them will be.

Good wife[200 CP | Discounted for Tale of Fox]

It seems like you've read a lot about the stories of poor kitsune who are taken advantage of for their kindness. Luckily for you, you're anything but naive. In fact, people will feel really bad about taking advantage of your gratitude and will be reluctant to do so. In addition, you are an excellent wife or whatever your preference and have a perfect command of the various skills traditionally associated with it.

Teumessian fox [400 CP | Discounted for Tale of Fox]

You are conceptually impossible to catch, just like this legendary fox. Once per jump if you should have suffered a problem linked to a conceptual power you can instead disappear and appear at home, leaving in your place a cute stone fox statue that everyone will think is you.

The Eagle and the Fox [400 CP | Discounted for Tale of Fox]

When you're betrayed through no fault of your own, or attacked for no reason, you'll notice that those who offended you seem to suffer strangely appropriate consequences for their misdeed.

Abe no Seimei [400 CP | Discounted for Tale of Fox]

Like him, you are a genius onmyōji, the magician's equivalent of Merlin. But you're even better because you're not just half fox!

Inari [600 CP | Discounted for Tale of Fox]

You're a deity, and in this particular case your domains are mainly foxes, fertility, rice, tea, sake, agriculture and industry. Plus you can see and interact with the world through foxes

Cryptid

Young kitsune [100 CP | Free for Cryptid]

You're a little fox, but the true potential of this perk doesn't end there, because you'll become more powerful with age and gain new tails up to nine, one for each century. Each one will increase your power even after you've reached nine hundred years of age and attained nine tails, but the next increases will go from one century to a thousand years and so on...

Kumiho [200 CP | Discounted for Cryptid]

Just like them, you can become more powerful by eating the hearts and livers of humans. In addition to this increase in power, it will give you certain abilities, such as metamorphosis.

Tulikettu [200 CP | Discounted for Cryptid]

You're a fox capable of creating aurora borealis, whether magical or natural, and with a coat as resplendent as the latter.

Tamamo-no-Mae [400 CP | Discounted for Cryptid]

You're a Kitsune who's as pretty as she is clever, so you have all the answers to anything to do with theology, astrology and music. As well as possessing evil Kitsune powers that can make people sick and other curses.

Kyubi [600 CP | Discounted for Cryptid]

My apologies, it seems you're not just a young kitsune but one with nine tails already, which gives you all the powers traditionally expected of a kitsune of your age as well as acting as a booster for all fox-related perks.

Gitsune [800 CP | Discounted for Cryptid]

Like her, you have the ability to reincarnate each time you die, up to a maximum of eight times per jump, which gives you an extra fluffy tail. But that's not all, until you reach a maximum of nine tails you'll be strengthened and for each reincarnation you'll get an emblematic and magical object that reflects this life.

Hoshi no tama [400 CP | Discounted for Tale of Fox]

This pretty pearl is of the utmost importance to this fox and at the start of each jump he'll look at you with puppy dog eyes to get you to give it back to him. If you do, this fox will help you in a time of great need and may even save your life once per jump. What do you mean you don't want to give it back? But it's so cute and well I suppose you could find something to do with the magic it contains but it's really evil! a new pearl appears at each jump, and unless you absolutely want to keep it the fox will automatically take it and it will act as a one up.

Tulikettu's fur [200 CP | Discounted for Cryptid]

This fox fur is simply magnificent, as if you were contemplating the light of an aurora borealis. But its power doesn't stop at its beauty. This fur will bring you good luck and help you make your fortune. What's more, if you have it near you, whether incorporated into an object or in its natural state, you'll sometimes see it shine in an unusual way when you're about to do something that's going to end badly for you... like lighting a lantern in a gunpowder warehouse.
